### Hunt Paroled Prisoners In Triple Murder

Ohio Prison Official, Wife, And Daughter Kidnaped From Home, Slain

#### CRIME OCCURS AT MANFIELD, OHIO

MANFIELD, O., July 22.—(INS)—Two paroled prisoners were hunted today in connection with the kidnap-murders of a veteran Ohio prison official, his wife and attractive daughter who were abducted from their home, stripped nude and shot to death in a cornfield near Mansfield.

The victims were John Elmer Niebel, 50, superintendent of the Ohio State Reformatory farm, his 52-year-old wife, Neola, and their daughter, Phyllis, 21.

Bodies Are Found  
Their nude and bullet-riddled bodies were found in a field of head-high corn about 12 miles east of Mansfield yesterday by a group of shocked youths on a church-sponsored outing.

Sheriff Frank E. Robinson of Richland county called the triple murder "kidnap killings" and theorized that it was a case of "grudge blood-letting."

An autopsy on the bodies showed that Niebel had been struck on the head with a blunt instrument before a 38-caliber bullet was fired into the top of his head.

Mrs. Niebel was shot through the head from the rear and also in the abdomen but the caliber of the bullet was not immediately determined.

The daughter also was shot in the back of the head and Coroner D. C. Lavender said a 25-caliber bullet lodged under her right eye.

"We are investigating the possibility," said the coroner, "that the girl was criminally attacked but at present there is nothing to prove it."

Fingerprints Discovered  
Several fingerprints were discovered at the Niebel home and they were to be compared today.

### Flash Flood At Lancaster, Ohio

#### Hocking River Goes Out Of Banks—Bridge On Route 22 Swept Away

LANCASTER, O., July 22.—(INS)—A flash flood of the Hocking river struck Lancaster early today, inundating most of the city and for a time threatening more than 2,000 homes.

However, police reported there were no casualties and that the 2,000 homes in the west side of the city which bore the brunt of the flood were safe on their foundations.

The storm broke about 11 p. m. (EST) last night and an hour or so later the swift-running Hocking went out of its banks.

Bridge Swept Away  
The bridge spanning Route 22 in West Lancaster was swept away as all roads into Lancaster except two were blocked. Only Routes 33 from the north and 22 from the east were open.

Highway patrolmen reported that Ulica, Sugar Grove and other valley towns also were flooded. However, the water was falling rapidly and the river was expected to be back in its banks by noon.

Lancaster Radio Officer Ralph Goodyear reported that residents of some 2,000 West Side homes in the city of 25,000 fled from their residences when the flood first struck, but nearly all had made their way back a few hours later.

Only the north side of the city was unaffected by the high water.

#### Daily Weather Report

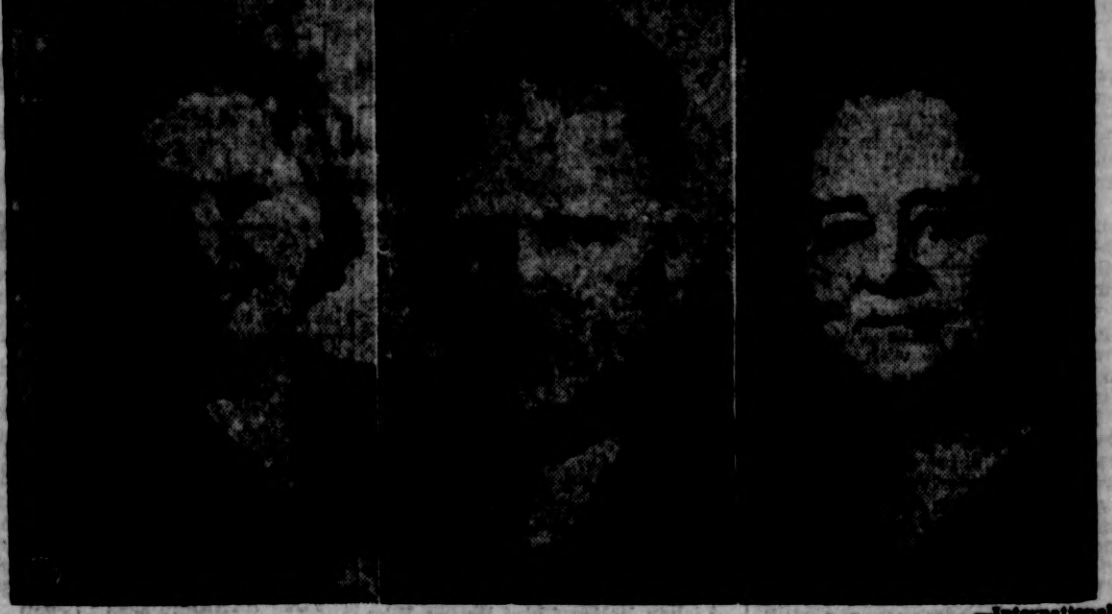

United States weather station for the 24-hour period ending at 9 a. m. today follows:

Maximum temperature, 82.  
Minimum temperature, 67.  
Precipitation, .37 inches.  
River stage, 5.5 feet.

Statistics for the same date a year ago follows:

Maximum temperature, 71.  
Minimum temperature, 69.  
Precipitation, .30 inches.

### Ohio Reformatory Official, Wife, Daughter Slain

Believed slain by a kidnap-bitter, the nude bodies of an Ohio reformatory official, his wife and daughter were found in a cornfield six miles from their home in Mansfield, O., by a group of youths on a church-sponsored outing. The victims, from left, are Phyllis, 21, the daughter; John Elmer Niebel, 50, manager of the Mansfield Reformatory's 1,300-acre farm, and Mrs. Niebel, 52.

### Three Indicted Leaders Of Red Party Sought

#### Wine Have Been Taken Into Custody Following Federal Indictment

(BULLETIN)

NEW YORK, July 22.—(INS)—Irving Fetsch, 45, vice-president of the CIO International Fur and Leather Workers Union and manager of the Furriers' Joint Council, surrendered to the FBI in New York today. He was the ninth of the Communist party's high command in custody.

NEW YORK, July 22.—(INS)—Three Communist leaders were being quietly sought today by the FBI in the federal crackdown on the "inner circle" of the dozen top U. S. Communists.

Eight of the twelve members of the party's national board were at liberty under \$5,000 bond each and the remaining members were scheduled to surrender this morning.

All are under indictment for allegedly plotting to overthrow the government by force and for belonging to an organization allegedly committed to revolution by violence.

Charges Denied  
The charges were hotly denied by the Communists, and many non-Communists organizations and individuals rushed to their defense.

Only Gilbert Green, identified as district chairman of the Communist party in Chicago; Gust Hall, alias Arno Gust Halberg identified as chairman of the Ohio Communist party; and Robert G. Thompson, identified as chairman of the New York State Communist party were still unaccounted for.

"Will Get Them"  
A top department of justice official told International News Service: "We're looking for them, and if they don't give themselves up we'll get them. If they are smart, they'll just come in of their own accord."

Associates of the missing men said that all will surrender voluntarily. Green was said to be on vacation, and the other two out of touch temporarily with their offices.

It was also noted that Communist party plans call for giant rallies in a concerted campaign protesting the innocence of the 12. Officials believed, therefore, that they would appear soon.

### Expect 150 Delegates Here For Reunion Of 52nd Engineers

#### Session Will Be Held At The Castleton Starting Friday Morning

Starting Friday morning, the annual reunion of the 52nd Engineers will be held in The Castleton hotel. The organization is composed of veterans of World War one who served with the 52nd.

James A. Bell, well known local veteran is head of the convention session. Among the guests will be Jeff Davis, "King of the Hobos" who is expected to arrive tonight.

Early arrivals were seen today around the hotel and by tonight many of the 150 delegates expected, will be here it is thought.

### Beaver Valley Bus Strike Ends

PITTSBURGH, July 22.—(INS)—Bus service was being resumed by the Beaver Valley Motor Coach Company today, following the end of a 45-day strike by 112 bus drivers and maintenance men.

The strikers voted Wednesday night to accept a compromise offer of an 11-cent hourly pay and a pension plan, the details of which will be worked out within 30 days.

### Swing To Right Seen In Cabinet Effort In France

PARIS, July 22.—(INS)—Andre Marie, premier-designate of France, sought to form a new cabinet today amid predictions that his selection to head the French government heralds a swing to the right.

Marie, 50-year-old survivor of the Buchenwald Concentration camp is vice-president of the Conservative Radical-Socialist party.

He told reporters that his hopes for forming a new government were encouraged after more than seven hours of consultations with leaders of Toebel political groups.

Forecast that Marie will endeavor to achieve a wide coalition in forming his cabinet. It is thought that he will include more Conservative ministers than were in other French governments since the war.

He said that he plans to continue conversations with other parties today and to report to President Vincent Auriol on his progress tonight.

### U.N. Observers Probe Reports Of Truce Violations

JERUSALEM, July 22.—(INS)—United Nations observers were flown to key battle areas in Palestine today to investigate Jewish and Arab charges of truce violations.

But post-truce fighting quieted, and in Jerusalem Jews and Arabs signed a map fixing their positions in the Holy City at the beginning of the truce. Both sides promised to remain within the mapped areas.

Meanwhile, the Army of Israel's Sixth Brigade claimed that the Egyptian army suffered a morale-smashing defeat in the truce-interval fighting.

### GIRL SPRAINS ANKLE

Miss Joan Chapin, of R. D. 5, suffered a sprained right ankle, with laceration of the ligaments, when she turned her ankle while running at her home, late Wednesday morning. She was treated at the Jameson Memorial hospital at 11:45 a. m.

### FRIGHTENS BURGLARS

Castle Auto Wreckers, of South Mill street, was entered by two burglars at 1:50 a. m. today. However, they were frightened away by a watchman, according to Leo Fornataro's report to City Police.

### DEATH RECORD

### Great Britain Ready To Discuss Crisis In Berlin

LONDON, July 22.—(INS)—Foreign Secretary Bevin confirmed in the House of Commons today that Great Britain is ready to discuss the Berlin crisis and related matters with Soviet Russia as soon as "technical difficulties" in the former German capital are corrected.

He said: "I am in close touch with the American and French governments in particular on further steps to be taken in the light of the Soviet reply to our joint note."

(This referred to the American, British and French protests to Moscow on July 9 over the Berlin blockade.)

"Our policy remains the same. As soon as technical difficulties which have prevented normal communications with our sector of Berlin have been removed we shall be ready to discuss Berlin and other matters with the Soviet government."

### Boy Of Eleven Years Admits Killing Woman

MARTINEZ, Calif., July 22.—(INS)—Eleven-year-old Tommy Harrington faces a possible first degree murder charge today after calmly confessing he killed a woman storekeeper because he "wanted money to go to a boy's camp for a vacation."

The lad admitted to Sheriff James N. Long last night that he fired a .22 caliber rifle bullet into the right side of Mrs. Daisy Ebling, 42, when she came to the back door of her grocery store in Mt. View, near Martinez.

Tommy is one of nine children of an Oklahoma family that migrated to California five years ago. The killing occurred yesterday afternoon during an attempted holdup.

### Says President's Conference Not 'Crisis' Meeting

WASHINGTON, July 22.—(INS)—White House Press Secretary Charles H. Ross emphasized today that President Truman's conference with military leaders on the Berlin blockade problem was "not a crisis meeting."

Ross pointed out that it is Mr. Truman's custom to meet weekly with the heads of the armed forces. He added that since Gen. Lucius Clay, American commander in Germany, is in Washington for consultation with Army Secretary Royall, he had been invited to attend the conference.

The president, Ross explained, naturally desired to hear firsthand from Clay a report on conditions in Berlin.

### U. S. Army Police Patrol Believed Held By Russians

Jeep In Which Three Men Were Patrolling Missing In Berlin Area

#### MAY HAVE CROSSED ZONAL BOUNDARY

(BULLETIN)  
BERLIN, July 22.—(INS)—The U. S. Provost Marshal's office in Berlin announced today the arrest of an American Army police patrol by Soviet troops.

A German eye-witness reported that a "scuffle" between the M.P.'s and the Russians preceded the arrests. Three Americans, who were patrolling their assigned area in a jeep, are involved.

By OMER ANDERSON  
(U. S. Staff Correspondent)  
BERLIN, July 22.—The United States Provost Marshal's office in Berlin reported today the apparent arrest of an American Army police patrol by the Russians.

The official announcement said a jeep in which three men were patrolling is missing.

Crossed Over Boundary  
It cited reports from various sources which indicated the patrol inadvertently crossed from the American sector over the Soviet zonal boundary near Teltow while investigating a disturbance.

The provost marshal said the reports told of a fight. It was not clear who the participants were or whether the military police were involved directly.

The Russians meanwhile launched an obvious drive to incorporate the industry of western sectors of Berlin into Soviet zone economy.

The Russian-controlled press at the same time acknowledged that the Soviets badly miscalculated the effectiveness of the Allied air bridge to western sector of Berlin.

Russians Apprehensive  
The newspapers indicated that the Russians are apprehensive over the firm United States stand. Tageliche Rundschau, organ of the Soviet occupation forces, asserted meanwhile that Gen. Lucius D. Clay, American military governor, was summoned to Washington to be given a rebuke because of his "demonstrations of United States strength."

The newspaper cited alleged "errors" by Clay and mentioned previous entirely unconfirmed reports about an armored train being sent through the Soviet land blockade.

### Pine Township In Mercer County Is Ruled As 'Dry'

Court Ruling On Vote Puts Area Near Grove City Into 'Dry' Territory

SHARON, Pa., July 22.—(INS)—Pine township, thickly-populated area near Grove City, today joined Mercer county's rapidly growing "dry" districts.

The local option election held in 1947 and at which both liquor and beer were voted out was upheld by Judge George H. Rowley in his opinion given Wednesday.

Licenses claimed the printing on the ballot was too small and asked that the vote result be thrown out. Judge Rowley ruled that both official county and a recount of votes showed the people favored a "dry" township.

Judge Rowley also ruled in favor of re-issuing licenses in Fladys township which a recount of votes showed had retained its "wet" status. The State Liquor Control Board had demanded a court ruling on the election results when the township licenses asked for new permits.

### TWO CINCINNATI WOMEN DROWNED, IN OHIO RIVER

CINCINNATI, O., July 22.—(INS)—Two Cincinnati women drowned in the Ohio river near New Richmond today when the rowboat in which they were riding struck a channel buoy and capsized.

Their male companions clung to the boat and drifted to shore. Drowned were Mrs. Mildred Gaskins, 38, and Miss Ruth Crenshaw, 22. Their bus-driver companions, Harold Matthews, 22, and Joseph Buchanan, 29, told Police Chief Fred Hoh of New Richmond that the women also clung to the overturned boat for a time but lost their holds and slipped beneath the surface.

### First Draft Inductions Are Likely In October

By GEORGE MOISE  
(U. S. Staff Correspondent)  
WASHINGTON, July 22.—Selective Service officials indicated today that only a small fraction of the youths who register for the new draft will be called for duty with the Armed Forces.

Maj. Gen. Lewis B. Hershey, Selective Service Director, said he does not expect any call for men from the Army, chief beneficiary of the draft, until after registration is complete. He refused to estimate how many men the first call would ask.

But he did say that it was unlikely that any men would be inducted before Oct. 1.

35,000 Per Month  
In the absence of an estimate by Hershey, a figure of approximately 30,000 inductions per month, based on an earlier statement by Army Secretary Royall, was given. (Continued on Page Two)

### Twenty-Nine Latvians Reach U.S. After 43 Days At Sea In Sailing Boat

PROVINCETOWN, Mass., July 22.—(INS)—A modern band of pilgrims, after 43 days at sea in a small sailing vessel, headed today for Boston and freedom after escaping from behind the iron curtain.

All sails were set as the band of 29 hardy Latvians left Provincetown behind them. The wind was fair for Boston, across Massachusetts Bay.

Arrival of the Latvian adventurers in Provincetown, first landing place of the 1930 Pilgrims, climaxed a long flight from Latvia into Sweden and through a Soviet blockade of Sweden to England.

Seven Families  
Seven families were represented in the group of 15 men, seven women and seven children which crossed the stormy Atlantic in a 64-foot ketch.

They sought shelter in Provincetown harbor. Although Federal law requires a departure within 24 hours Coast Guard officials extended the deadline to permit their departure for Boston after daylight.

Immigration and customs inspectors will question the group in Boston.

The refugees plan a direct appeal to President Truman to be permitted to remain in the United States. More than 50 other refugees from Baltic nations have been in the country since June.

### State's 54,000 Employees To Get Pay Boost

HARRISBURG, July 22.—(INS)—A overall 10 per cent cost-of-living increase will be granted most of the state's 54,000 employees August 1, it was announced today by Gov. James H. Duff.

The pay boost will cost the commonwealth an additional \$8,000,000 a year.

The overall increase would amount to 10 per cent of the departmental salary budgets and did not guarantee individual hikes of 10 per cent.

The governor said the increases will be accompanied by a revision of the salary classifications to raise the basic minimum salaries from \$1,428 to \$1,572 a year, establishing a minimum pay range of from \$1,572 to \$1,752.

To Meet Needs  
Duff said the increase was designed to meet the needs of lower-bracket employees in all departments, independent administrative boards and commissions and institutions. It will be advanced for workers hired on an hourly or daily basis, as well as salaried workers, according to the governor.

Thirteen thousand hourly-paid highway workers who earlier were granted a five-cent-an-hour wage hike will come in for additional increases.

The pay hikes are the third granted in as many years to meet spiraling prices.

Duff said \$5,000,000 of the increases will come from the general fund, while \$3,000,000 will be underwritten from special funds.

### Ambulance Upsets In Answering Call

HARRISBURG, July 22.—(INS)—Two Harrisburg hospital physicians and two attendants last night escaped serious injury when an ambulance on an emergency call overturned as the driver swerved to avoid an oncoming car.

Police said the ambulance was en route to Dauphin to pick up Charles D. McElwee, 43, who suffered a crushed leg when he was pinned between two automobiles.

A second ambulance was dispatched to bring the injured man to the hospital.

### President And Gen. Lucius Clay Confer On Berlin

Series Of New Moves Are Being Planned On Berlin Situation

#### NEW NOTE MAY BE SENT TO MOSCOW

(BULLETIN)  
WASHINGTON, July 22.—(INS)—President Truman declared today he believes the chances of world peace are excellent despite the tension over the Russian blockade of Berlin.

Mr. Truman made his statement at a news conference after having repeatedly declined to comment on the Berlin situation as such.

The army announced that Clay will hold a news conference at 2 p. m. tomorrow when he is expected to reveal additional details on the Berlin crisis and report on his conference with the president and Secretary Royall.

By JOHN A. REICHMANN  
(U. S. Staff Correspondent)  
WASHINGTON, July 22.—President Truman and his top advisors planned to map a series of new moves in the continuing Berlin situation today with General Lucius Clay, commander of American forces in Germany.

Clay arrived by plane from Berlin late yesterday and was whisked away from the air transport command terminal by Army Secretary Royall.

Secretary of State Marshall, who planned to confer with Clay today, declined to comment on the situation.

### Threatened Ford Strike Is Averted

Agreement Is Reached After Nearly 28 Hours Of Continuous Negotiations

(BULLETIN)  
DETROIT, July 22.—(INS)—The Ford Motor Company and UAW-CIO today reached a wage agreement granting 110,000 hourly workers a 43-cent-an-hour wage increase plus other benefits.

A union official told International News Service the pact was reached after nearly 28 hours of continuous negotiations at the Wardell-Sheraton Hotel in Detroit and proposed strike "was averted."

Official details of the new wage pact covering 45 plants throughout the country were not immediately available.

Negotiations 28 Hours  
The company and union officials completed nearly 28 hours of continuous negotiations at 11 a. m.

The conference divided their early morning talks between joint sessions and private caucuses.

UAW-CIO President Walter Reuther led the union delegation through the all-night session. He left the conference room at 8 a. m. for the hospital where he was scheduled for an examination of his arm which was wounded by a would-be assassin last April.

## Bernadette Plans To Move Quarters To Jerusalem Soon

(U. P. Staff Correspondent)

LAKE SUCCESS, N. Y., July 22. (U. P. Staff Correspondent) Bernadette plans to move her headquarters to Jerusalem as soon as the truce has calmed the Holy Land.

The mother in her latest communication to Lake Success disclosed reports of continued fighting and said that all guns will be silenced soon. The switch to Jerusalem was described as offering a practical opportunity for continuing the truce and conducting negotiations.

United Nations officials disclosed that Bernadette has asked the United States for the following equipment: Three destroyers, two observation planes, two helicopters, five C-47 transport planes, 150 tons of food, 500 tons of fuel, 100 tons of medical supplies, and a large amount of radio and telecommunication equipment.

The truce terms of American, British and Belgian officers are being built up to full 800-man strength. Bernadette reported that 60 such observers already are in the area.

Although prospects for a permanent peace in the Holy Land appear excellent, the United Nations in the next few days may have to yield to an attempt by the Arabs to have the Palestine situation committed to the International Court of Justice.

President and Gen. Lucius Clay Confer on Berlin

(Continued from Page One)

set forth the administration's feelings on the subject in a news conference statement.

He declared that he believed the United States position on Berlin was generally understood and added:

"We will not be coerced or intimidated in any way in our procedures under the rights and responsibilities we have in Berlin and generally in Germany."

"At the same time we will proceed to invoke every possible resource of negotiation and diplomatic procedure to reach an acceptable solution to avoid the tragedy of war for the world."

Marshall was in consultation most of the day with his aides and in close consultation with the British. Late in the day British Minister F. R. Hower Miller called on Undersecretary Lovett for an hour in connection with the Berlin crisis.

New Note To Moscow

It was believed that the western powers have substantially agreed on a new and stronger note to Moscow which may contain an implied threat of other action in event the blockade is not lifted by a given time.

There may be some delay in forwarding the note inasmuch as the French have not yet established a new government to give its endorsement.

Once that procedure is agreed on, it was believed that events may move more rapidly with an appeal to the United Nations definitely in the cards.

Meanwhile, B-29 bombers on English airfields prior to "routine" flights over Germany prepared themselves for a prolonged stay. The air force continued to move needed supplies such as parts, tools and engines.

with those of all inmates released from the reformatory during the last eight months.

The sheriff said that only first-arms and a small amount of money, were taken from the Niebel home and that many articles of value remained untouched, indicating robbery was not the primary motive for the crime.

A widespread search was ordered for two paroled prisoners, Robert Daniels, 24, and John C. West, 22, both of Columbus, O.

West, 22, said the two fugitives were reported to have harbored a grudge against Niebel because of his strictness at the reformatory.

Niebel had a reputation for being a strict disciplinarian as manager of the 1,500-acre prison farm.

Daniels, serving a sentence for robbery, was paroled last year and West who was serving a grand larceny term was paroled last April 1.

Booned From Beds

In attempting to to reconstruct the crime, Sheriff Robinson declared that circumstances indicated the Niebels were routed from their beds early yesterday and forced at gunpoint to accompany the killers to the lonely cornfield, just off a small road near U. S. Highway 42.

The three victims were shot to death with a .33 caliber weapon. A shotgun, a .25 caliber rifle and a .38 automatic pistol were reported missing from the Niebel home.

The search for Daniels and West was started after a neighbor, Lowell J. Snyder, reported seeing a light gray sedan drive into the Niebel farm yard about 1:30 a. m. yesterday.

Police recalled that Daniels and West had been seen in a similar car while on a recent crime spree for which they earlier had been sought.

Daniels and West had been identified by witnesses as the men who shot and killed Earl C. Ambrose, Columbus tavern owner, in a holdup last July 16.

## TAKE UP RESIDENCE AFTER WEDDING TRIP

Following a wedding trip through Northern Indiana, Mr. and Mrs. James Lippmann are at home at 703 Croton avenue, this city.

Mrs. Lippmann is the former Miss Martha Ann Donovan, daughter of Mr. and Mrs. George Donovan, of 1218 Maple street, Anderson, Ind. The wedding took place July 5, at 9 a. m. in St. Mary's Roman Catholic church, Anderson, with Rev. Frederick Pottoff officiating at the double ring ceremony.

The bride wore a gown of white satin with a yoke of Chantilly lace, the full skirt ending in a chapel train, and a fingertip veil of illusion falling from a tufted satin headband. She carried a prayer book with a marker of gardenias and ribbon streamers.

Miss Denise Donovan as her sister's maid of honor wore a blue gown with a crownless hat of matching blue net and carried a colonial bouquet of roses and daisies.

Edmund Alexander, of this city, was best man and ushers were Fred Harris and George Donovan, the latter a brother of the bride.

Following the ceremony breakfast was served to the bridal party and the immediate families of the bride and groom at the home of the bride's parents, where in the afternoon there was a reception for 75 guests.

Mr. Lippmann, a son of Mr. and Mrs. William Lippmann, of R. D. 1, served in the U. S. Navy for two years during World War II and is employed at the National Radiator Company plant here.

From here Mr. and Mrs. William Lippmann and Edmund Alexander attended the wedding.

## LOIS J. FORDYCE TO WED, ANNOUNCED

Mrs. William L. Fordyce, of R. D. 8, Gilmore street, announces the engagement of her daughter, Lois Jane Fordyce, and F. Lester Yost, son of Mr. and Mrs. Fred Yost, of Coraopolis.

No date has been set for the wedding.

## Club '48 Meets

Members of Club '48 were entertained by Mrs. Julia Gianni, 311 N. Liberty street, Tuesday evening. The evening was spent playing cards and games with prizes going to Mrs. Victor George and Mrs. Vito George. Plans were completed for a family picnic to be held at Cascade park August 8.

The next regular meeting of the group will be August 11 at the home of Mrs. Victor George, 511 E. Lutton street.

## Returns From Convention

Mrs. Harlow W. Clark, of 129 Park avenue, has returned from Dallas, Texas, where she attended the convention of the National Federation of Business and Professional Women's club as a delegate from New Castle B. P. W. club.

## Plan Thorough Test Of Brown's "Master Cell"

WASHINGTON, July 22.—(INS)—Skeptical Food and Drug Administration officials were prepared today to give Farmer-Druggist John Brown's "master cell" a thorough going-over.

But the subject of all the tumult and shouting hasn't yet made its appearance in the nation's capital.

When and if it does arrive, the porous block of cement which Brown claims contains a "living cell" capable of curing disease and prolonging life will get careful scrutiny from the men whose job it is to protect the public from harmful products.

Always Skeptical  
"It isn't our job to pre-judge," said an FDA spokesman. "But we are always skeptical—and naturally so—when such extravagant claims are made for any new discovery."

With the final judgment awaiting the processes of the U. S. mail, the running battle over Farmer Brown's claims continued unabated both in and out of professional circles.

The discoverer, in effect, already has invited the government and leading doctors to prove his discovery a fake. Says he:

"It will lead the human race to its greatest era of peace and prosperity."

"Let the Department of Agriculture or the American Medical Association send their people in and make their tests. They'll be convinced just like anybody else."

Claims Investigated  
The New Bedford (Mass.) Standard-Times said that it had Brown's claims investigated as long ago as 1946 by scientists who found it valueless.

In Washington, Food and Drug Administration officials echoed the sentiments. Cyril Sullivan, head of FDA's Boston station, said that, so far as he knew, there was no scientific basis for any of the beneficial results from use of the claims and, moreover, no proof of cell.

Washington experts say it probably will take them "a few days" to find out for themselves whether the perforated block of cement actually does contain the "secret of life."

If they turn thumbs down, residents of 47 states may never have a chance to try out this latest panacea, for federal law will prevent it from moving in interstate commerce.

But in his home state of Massachusetts Brown isn't bound by any such law. He can keep right on selling it or giving it away to his friends and neighbors.

## GARDEN NOTES

Strawberries should be cut when just opening, and hung head downwards to dry for use as "ghost" flowers.

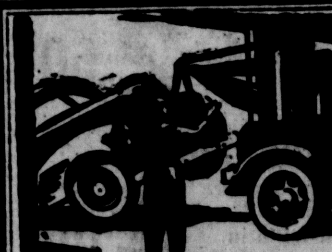

Marrows should be picked when about two-thirds grown to be at their best. Older marrows can be used for pies and the rind utilized for preserves.

As the annuals mature, seed may be collected for use next year. By clipping off the faded bloom of annuals a long flowering season is assured.

The rose canes of climbing roses to a trellis to keep them from whipping about on windy days. Prune out old canes that are becoming dark brown in color and twiggy.

Keep window boxes cultivated and watered regularly. Pulverized sheep manure watered into the soil now will do the plants good.

During dry weather the rock garden needs watering as much as any part of the garden. Let the sprinkler run on it occasionally. Overhanging rock sometimes keep the plants under them too dry.

## IN THE OPEN

At the invitation of the Chamber of Commerce of Lower Cataraugus Valley I recently made a tour of inspection of our local mosquito factory. It was a hot July afternoon and under the urgent prodding of a blistering sun the assembling lines were going full blast. I arrived on the site of the main factory after following a devious trail which led first over the fence behind the house, and then through a tall sea of mustard and teal to the edge of a sizable bit of standing water.

In this natural setting, against a handsome background screen of

broadleaved cat-tails, the mosquitoes have established their production lines. The females come singing in at dawn, after a night of fearsome bloodletting in the neighborhood, to lay their raft-like egg masses on the surface of the water. If Old Sol cooperates there will be several hundred brand new "wigglers" abroad by 4 p. m.

**Insects Released**  
The sun was over my shoulder and at just the right angle to light up the interior of the factory. Hundreds of wriggling larvae were hard at work hunting out bits of food between trips upstairs for air. Schedules call for seven days on the wriggler lines when the July sun is hot. Then the would-be mosquitoes roll along for two days in the pupal case finishing room.

On the surface I could see many of the tiny abandoned pupal cases which had split open to release the adult insects. Here they had rested, riding these cast-off garments until their wings had unfolded. Then most of them had taken off in the direction of our bedroom windows, where they display a fiendish skill in forcing the screens.

No Inflation  
There is no inflation in the mosquito economy. Production and still more production is the watchword in this factory by the cat-tails. Even the dragonfly patrol and the phoebes on the fence posts are unable to control the hordes who make life miserable in the garden rows. Strikes are unheard of and the factory hands turn in a day's

work for a day's pay, scoring any subversive suggestions for slow-down on the mosquito assembly lines.

While I was admiring the superb efficiency of operation of the local mosquito factory, another inspector came flapping moodily in, but stopped by just long enough to land and take off again. This was a big, bittens, on the prowl for frogs. An indigo bunting sat high on a dead stub above the water and sang his "chickadee" roundelay as the surprised bittens rang up full speed ahead and went away from there.

**Lush Growth**  
Lush growth of almost jungle-like density covers the few acres of bottomland surrounding the mosquito ponds. The day I was there, the color scheme favored the yellow flowers. Great clouds of the airy black mustard bloom hung over the undergrowth. Along the edge of the pond the American senna was just coming into full flower. This is an odd sort of fellow, with striking foliage and a small cluster of flowers atop the stout stem.

Fringed loosestrife added its rather pretty contribution to the yellow show from moist spots throughout the area. A busy hummingbird darted across the flats, heading for a patch of jewelweed which had hung out many little cups of nectar for this tiny pifferer. A few tall plants of the showy evening primrose guarded their bursting buds until the twilight hour, when they will keep tryst with the sphinx moth I saw on the tomato stakes, and his many night-flying cousins in the valley.

**Beetle Flashes**  
The iridescent dogbane beetle flashed in the sun as he loafed around on a plant of spreading dogbane. I plunged deeper into the swamp area below the mosquito factory and came upon several blooming plants of the monkey flower. At this point the yellow-breasted chats who call these thickets home decided I had gone far enough. They set up a racket that brought a pair of Maryland yellowthroats also into the fray.

I retreated before this vocal onslaught, fighting a rear guard action long enough to pick an armful of the false sunflower, and to watch a gang of roistering tumblebees loiter drunkenly about as they swilled the sweet tippie in a large patch of wild bergamot. A hasty

mental catalog of some other wildlings competing for the sun in the tangles of this abandoned area included the iron weed and tall Joe-Pye weed; common milkweed; the beautiful swamp milkweed; dillweed, pokeweed, the tall mullein and the moth mullein, white vervain, yarrow and others "too numerous to mention."

## Motor Federation Sidesteps Increase On Gasoline Tax

HARRISBURG, July 22.—(INS)—The Pennsylvania Motor Federation today sidestepped action on the proposed gasoline tax increase suggested by Gov. James H. Duff. The federation said it would remain silent until it had scanned the scope of the proposed highway improvement program.

During an executive committee meeting yesterday, Secretary R. B. Maxwell, of Harrisburg, was re-elected for his 21st consecutive term and later was re-appointed general manager by President Andrew J. Sordani, of Wilkes-Barre.

Sordani also made the following appointments to the finance committee:

John A. Rupp, of Allentown, chairman; Stanley G. Giles, of Reading, and Guy E. Woodard, of Washington.

## Damaging Blaze At Cape May, N. J.

CAPE MAY, N. J., July 22.—(INS)—A raging fire, visible six miles, badly damaged Henri's hotel—a restaurant and night club—on the Cape May boardwalk early today.

More than 50 volunteer firemen battled for nearly an hour to prevent the flames from spreading to adjacent stores.

Two patrons of the night club in the rear of the structure where the flames originated were treated on the scene for burns.

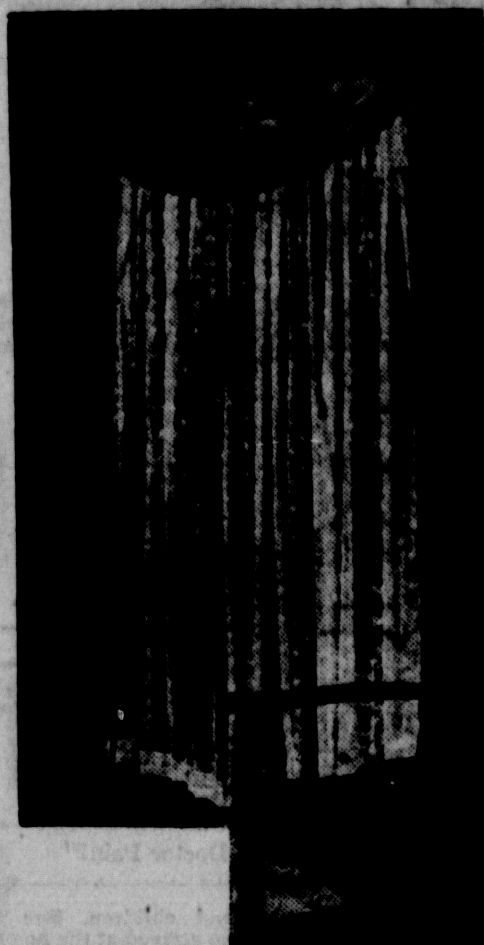

The restaurant is owned by Henri Borbach, owner of a Chestnut street restaurant in Philadelphia.

## 'Snake Woman' Dies Of Reptile's Bite

LONG BEACH, Calif., July 22.—(INS)—The "snake woman," who had favorite names for each of her hundreds of reptiles, is dead, victim of one of her pets.

Before the horrified eyes of two

spectators 58-year-old Grace Wiley was bitten by her prize possession—a King Cobra.

The woman, who made a small fortune in renting her pets to Hollywood film studios, died minutes later at a hospital.

Doctors said they were powerless to save the woman.

The serpent was one of the only two King Cobras ever tamed. The

pair appeared in scores of Hollywood movies.

It was the third time Miss Wiley was attacked by one of her pets. For ten years she was curator and entomologist with the Minneapolis Museum of Natural History.

## Stassen Will Give All-Out Support To Gov. Dewey

PAWLING, N. Y., July 22.—(INS)—The huge volunteer organization which made Harold E. Stassen a serious contender for the Republican presidential nomination, was enlisted today in support of the White House aspirations of Gov. Thomas E. Dewey.

The support pledge was given by Stassen yesterday during a lengthy conference with Dewey at his Pawling farm, where they also discussed the grave effect of the Berlin situation upon Russian-American relations.

The former Minnesota governor returned today to an interrupted vacation with his family after telling reporters that he would give all-out support to Dewey.

Stassen said the views expressed by him in his campaign speeches will reflect the Republican platform and the major issue as defined by Dewey. He plans to make a number of speeches in states where he has large followings and in sections where close senatorial contests are looming.

While Dewey and Stassen discussed campaign plans in detail, both said their conversations dealt also with the Berlin situation.

### SIGN OF THE WORM

YORK—(INS)—Gardening husbands who cause during spring planting to check on the earthworm situation are not always thinking of fishing. They may just be making certain the ground is worth planting, according to agronomists at the Graham-Paige experimental farm at York. Earthworms in plenty indicate the presence of soil-enriching humus, on which they feed. The absence of night-crawlers and their relatives generally indicates worn-out, depleted soil.

## SALLY'S SALLIES

"Is it ethical to pull your own teeth, Doctor Pain?"

### NASHUA

Miss Betty Blodgett of New York visited for several days recently at the home of Mrs. Lawrence Byers.

Mrs. Elizabeth Dickson is visiting for a few days at the home of her daughter, Mrs. Laird Whiting. Mrs. John Patton, Mrs. Martha

Murphy and children, Sue and Dickie, have arrived at the home of Mr. and Mrs. Oran Miller, Alturas, Fla.

Mr. and Mrs. Lew Sherwin and daughters, Kay and Glenda, of Karna City, called at the home of Donald Whiting on Tuesday evening.

Bees must travel an average of 150,000 miles to gather a single pound of honey.

## THE PARENT PROBLEM

(Continued from Page Four)

could and should do much to harden this child at being out of her sight, by leaving the house a few hours each day, by being out of this child's sight a few hours daily while at home, by having some one else go outside with him, and by getting him with some other children; letting him cry longer when begging for immediate company, and still longer till he can grow comfortable for longer periods alone.

Some mothers of older children may be late at discovering that

their child is too dependent on them. After describing many lovely relationships in her home with her husband and boys five and eight, another mother writes:

"I have been so conscientious not to push my children off on some one else, and not to neglect them by not giving them enough of my time, that I have overdone it. I have discovered that they are too dependent on me emotionally, and I wonder how I can correct the mistake. For example, my youngest who is five years old won't play outside unless the door is open and he can hear my voice. When I have company the eight-year-old may be so commanding that I can't carry on a conversation. They need me to settle an argument, or they need me to find

something or repair something; always they need me."

My suggestions: that she discipline herself to do less for them which they can do alone; that they spend more time with other children. It is very much easier to prevent such problems than to solve them once they have gone so far.

### "JUDGMENT TREE"

ST. LOUIS—(INS)—Modern science is doing its bit to preserve the historic Daniel Boone "Judgment Tree" at Boone Lick Trail near his last home, about 50 miles from St. Louis. Dewey tree experts have been caring for the tree, under which the famous pioneer passed sentence on law breakers for more than 30 years.

## IN VIEW OF NEWS

(Continued from Page Four)

the Kremlin sent hundreds of thousands to work on collectivized farms.

In comparison, the United States zone is almost luxurious. All the savage fighting of Berlin's last days took place in the northern and eastern areas which the Russians now hold.

The American zone, on the other hand, has whole acres where only a few incendiary bombs fell. There are not too many traces of heavy artillery gashes such as disfigure the whole Soviet zone.

In the once-fashionable suburb of Zehlendorf, there are tree-lined streets that still do not look great-

ly different from the days when high-flying Nazi overlord lived in villas stolen from their owners by illegal transactions at a fraction of true value.

If Gen. Clay for one reason or another should be compelled to abandon the air lift and find himself unable for diplomatic or other reasons to break the Berlin blockade by force, it might be a different story.

But at present the spectacle of west Berliners flocking into Soviet hands with outstretched ration books and batches of Russian currency is far-fetched to say the least. These residents of the battered city on the Spree are well treated if not exactly well off, and they know it.

## Further Red Probes Coming

Activities In Department Stores In New York And Maritime Trades Cited

### OTHER NEWS OF NATIONAL AFFAIRS

(Special To Central Press)

WASHINGTON, July 22.—The House committee investigating Communist activity in unions plans no vacation this summer. It will air thoroughly Red activities in many fields, including New York department stores and the maritime trades.

Chief engineer of the probe is Rep. Fred A. Hartley, Jr., (R), New Jersey, House labor committee chairman and one of the authors of the Taft-Hartley Labor Act.

Hartley is not running for reelection. The investigation is a farewell to public life for him. The subcommittee actually handling the inquiries is headed by Rep. Charles J. Kersten (R), Wisconsin. It plans to spend about three weeks on the New York department store phase, building a record of how Communists have gained control of store locals and used them to promote Russian aims.

The subcommittee intends to develop the same type of picture in the maritime unions. Special scrutiny will be given work contracts forced upon employers by Red-dominated unions.

**MANY PRECAUTIONS**  
Security precautions at the State department, greatly stepped up when George C. Marshall became secretary, have been tightened again.

Now instructions have been given certain aides not to inform correspondents assigned to the Office of Foreign Affairs of diplomatic callers who visit with Secretary George C. Marshall. Undersecretary Robert Lovett and even come on lower levels.

It had been the traditional habit of the department to post daily lists on diplomats scheduled to visit the secretary and undersecretary. Recently the reporters found this was not being done in

some cases, often important ones. Marshall was annoyed when he learned that reporters knew he planned to confer with the ambassadors of France, Britain, Belgium, The Netherlands and Luxembourg on a military alliance.

The appointments were not carried on the callers' list. The list omitted also, on the same day, the appointment of Soviet Ambassador Panyushkin, who received the United States' protest over the Berlin blockade.

**THE ONLY UNIFICATION**  
Unification of the armed services, ordered by Congress but not working very well despite military "acquiescence," actually has been accomplished in only one part of the defense establishment.

In the field of military air transport, the Air Transport Command and the Naval Air Transport Service have been merged in fact as well as in name.

The two line "air lift" outfits, which bickered bitterly during the war, have been whipped together

in a few months into the Military Air Transport Service (MATS). The esprit de corps already showing in the still blaring in other branches.

Responsible for this real unification are Maj. Gen. Laurence E. Kuter and Rear Adm. Jack Whitney, commander and deputy commander of MATS.

Larry Kuter became a general at 34, youngest in history, and his achievements have been marked by youthful thinking and a fresh, unhampered approach.

**NO LET-UP**  
President Truman hasn't shown any signs of letting up in his criticism of the 80th Congress, and he probably won't.

The president seems set on carrying on the feud he started when he called the Congress the "second worst" in American history when ever an opportunity presents itself.

He has found opportunities in signing the stack of bills that awaited him when he returned

from his transcontinental trip. He has poured it on in connection with the housing bill, the federal pay increase and legislation extending the terms of the atomic energy commissioners.

The president denounced Congress for what he termed an attempt to fool the people with a "weeny, weeny, piecemeal" housing bill.

The atomic bill, he said, played politics with the nation's atomic program, and he used the pay raise as an opportunity to lament the failure of Congress to enact price controls.

Once upon a time scientists claimed that chemicals in a human being were worth a little less than one dollar; they tell us now that each is worth about \$30.

## Gross Is Named Draft Director For Pennsylvania

HARRISBURG, July 22.—(INS)—Lt. Col. Henry M. Gross, of Harrisburg, today was recommended by Gov. James H. Duff to be Pennsylvania's Peacetime Draft Director.

Gross' name was forwarded to President Truman in line with the Selective Service law but his selection was tantamount to appointment.

Gross, a veteran of World War I, headed the State's Selective Service system during the last two

years of World War II and later chosen to head the Office of Selective Service Records.

BEAVER FALLS, July 22.—J. Neal Matthews, assistant high school principal, has been elevated to the position of Beaver Falls high school principal to fill the position left vacant by the promotion of Dr. L. D. Smith to the position of superintendent of schools.

Mr. Matthews has risen through the ranks in the Beaver Falls public schools. He graduated from Geneva college in 1925, receiving his masters degree from the University of Pittsburgh in 1933.

**DEER CATCHER**  
ITHACA, N. Y.—(INS)—When bees swarmed at Ithaca's busiest corner, it took a newspaperman to corral them in a hive. Piled up off the street when an estimated 30,000 bees swarmed on an evening on a downtown department store. It was "the day off" for Edwin E. Bergsten, Ithaca Journal pressman, but he responded to an SOS call. He arrived with a spare hive, headgear, and gloves and scooped up the queen bee. The other bees followed.

Hippomenes was the husband of the fleet Atalanta. He was turned into a lion by Aphrodite as a punishment for his omission to thank her for the golden apples by which he won the race from Atalanta.

## Ready To Start Turnpike Tests

HARRISBURG, July 22.—(INS)—Field tests paving the way for construction of the 100-mile east-west extension of the Pennsylvania Turnpike today are slated to get under way "immediately."

Turnpike Commissioner T. J. Evans announced award of two contracts totaling \$23,540 for core drillings over the proposed route from Middlesex to King of Prussia.

## Youths Rush To Join Service But Recruiters Give Warning

In New Castle, as well as in other cities across the nation, young men are making a frontal attack on the armed forces' recruiting stations, most of them bent upon enlisting for one year with the draft machinery about to start rolling.

Recruiters at the Army and Navy stations however have issued a word of caution to the youths. Lighten-up-wards who sign for one year's service must complete the rest of the required 36 months in the reserve force, and this takes about six years' time on the one-night-a-week schedule. Young men enlisting for two-year periods will have three years (or just half) reserve duty and those entering for three years will not be kept in a reserve status.

The local quota for one-year enlistments is small. The U. S. Army can take but two weekly and the Navy is allowed five per month.

The decision still lies with the prospective enlistee, but both the Army and Navy wish to point out these facts to youths seeking limited duty in the armed forces on a voluntary basis.

The Navy station today announced this month, indicating that 30 men have already signed and that the total of over 50 enlistees may be exceeded. The Army had no figures since itals for the New Castle station are reported at the end of the month from the Beaver Falls headquarters.

## Labor Dispute Creeps Into Third Party Convention

PHILADELPHIA, July 22.—A labor dispute crept into the Wallace third party convention plans today.

Radio and television credentials for the convention were denied the technical and engineer staff of radio station WFIL because of a strike.

Forty-three station employees, affiliated with the CIO-American Communications association, have been on strike in a wage dispute since early in May.

But the station will be permitted to air convention programs originating with the American Broadcasting company with which WFIL is affiliated, according to the Wallace headquarters.

## In Religious And Fraternal Circles

First Congregational  
It is announced the annual picnic of the First Congregational church and Sunday school, will be held on Saturday, July 31, at the City Park, East Palestine, O.

Mrs. Hannah Shores is in charge of registration and transportation. Games will leave the church for the park at 10 a. m. David J. Price is chairman of arrangements.

Halley's Comet will next be seen in 1996.

## Part Of Ohio's Sales Tax Will Be Eliminated

COLUMBUS, O., July 22.—(INS)—Ohio's legislature meets in special session today to eliminate the state's three per cent sales tax on all purchases under 41 cents.

At present Ohioans pay one cent tax on purchases of 9 to 40 cents. The reduction proposed by Gov. Thomas J. Herbert, which is to be effective August 1, will save taxpayers an estimated one million dollars a month.

The session also will increase maximum old age pensions in Ohio from \$50 to \$55 a month in line with recent congressional enactment. It also will make deficiency appropriations to meet increased costs of food and fuel in state institutions the remainder of the year and to increase the state's matching percentage of local poor relief funds from 29 to 50 per cent.

In special session the solons can consider only those subjects set before them by the governor. They are expected to wind up their work this week.

## Legion Band To Have Rehearsal

Members of the Perry S. Gaston Post, American Legion Band, will have a rehearsal in the Legion Home, this evening at 7:30 o'clock. It was announced today by W. J. Anderson, band manager.

The matter of additions to the uniforms will be discussed also at this evening's session.

## Society Clubs

**Birthday Celebrated**  
In celebration of the birthday of her niece Miss Elsie Hoover, on Wednesday evening, Mrs. Warren C. Lutten of 531 West Park way, was hostess to 17 guests.

Games were a feature of entertainment and prizes went to Miss Margie Johnson, Miss Frances Davis and Carl McMasters. Afterward refreshments were served with Mrs. F. F. Cartwright, Miss Ruth Hoover and Miss Helen Cartwright as aides to the hostess.

A number of lovely gifts were received by the honoree.

**Anti-Social Class**  
Anita Sewall Bible class of the First United Brethren church met Tuesday evening at the home of Miss Audria Altman, Harlansburg, for the regular meeting. President Walter Caruthers was in charge.

A ham and eggs fry was enjoyed by the members followed by a ring meeting in which chorus singing and testimonies were enjoyed. The group will meet on August 17 at Grove City Memorial park.

**Parsonage Aid**  
Members of the Parsonage Aid society of the Primitive Methodist church met Tuesday evening at Cascade park for a tureen dinner with the committee in charge including Mrs. Eugene Roberts, Mrs. Harry Smith and Mrs. Tom Wilcox.

Following business, an informal period was enjoyed.

The next meeting will take place on August 17 at Cascade park.

**Daughters of Union Veterans**  
Daughters of Union Veterans will hold their annual picnic at Cascade park shelter 3 on Tuesday evening, July 27. There will be a tureen dinner at 6 o'clock. Arrangements will be completed Saturday with Mrs. Bessie Linton in charge.

## With New Castle Afro-Americans

South Side Summer Bible school will come to a close Friday, July 23. The group will give a program at St. John's church, Moravia street Monday evening, July 26, at 8 o'clock. Last Friday evening, July 16, the students of the Bible school were entertained at a lovely party in their honor. There were 75 children present.

## W. C. T. U. and L. T. L.

Frances Willard W. C. T. U. met at the home of Mrs. Howard Magill, 305 Garfield avenue. A tureen dinner was served in the beautiful yard to twenty-five members and one guest, Miss Rose Stewart, a cousin of the hostess from Tucson, Ariz., who was also the speaker of the day, speaking on work among the Indians.

Mrs. A. W. Zeigler conducted devotions. Miss Laura Bell and Mrs. J. E. Rodgers led in prayer.

The following officers were elected: President, Miss Laura Bell; First Vice President, Mrs. A. W. Zeigler; Second Vice President, Mrs. Oscar Rhodes; Secretary, Mrs. J. C. Pherson; Assistant Secretary, Mrs. J. E. Rodgers; Treasurer, Miss Martha Dadds; and Assistant Treasurer, Mrs. C. N. Moore.

The county report for members this year is 1,025, with 154 for the Frances Willard. There were 50 white ribbon recruit members reported this year. Delegates were named to attend the county institute in August as follows: Mrs. Martha Locke, Mrs. Robert McConaghy, Mrs. Merle Allen, and Mrs. William Smith.

## WHY SHOULD FOOD PRICES BE DIFFERENT ON DIFFERENT DAYS?

No matter what day you shop at A&P you can count on getting grand value prices. Because we keep prices low... not just on week-ends or special days, but all through the week... not just in one or two departments, but all through the store. That way, Monday's shoppers get just as much for their money as Saturday's shoppers. That way, everybody has the opportunity to save, every day. We think it's the fair and sensible way to do business, don't you?

Parole Board Asks Return Of Russell Phillips Upon Charge Of Parole Violation

### OTHER EVENTS IN COURT HOUSE

Before Judge W. Walter Braham on Wednesday afternoon, a habeas corpus petition in the case of Russell Phillips was heard. Phillips was paroled from the State Prison of Southern Michigan on June 20, 1947. The Pennsylvania Parole Board, in whose custody he was placed, claims he has violated his parole, and wishes to return him to Michigan.

**DEMURRER OVERRULED**  
In an opinion handed down on Wednesday, Judge W. Walter Braham a demurrer by a group of defendants was overruled and the defendants given twenty days to answer or have the averments of the plaintiff held good.

The case is one in which suit was brought to quiet a title. The property in question was one owned by David John who died in 1884, leaving his widow, Hannah, a life interest. At her death the property went to a daughter, Margaret Ann, who upon her death disposed of it in her will.

It is claimed by the defendants in the case that Margaret Ann John did not hold the property in fee but rather in life interest. The plaintiffs are Leroy K. Donaldson, executor in the will of Margaret Ann Barne, (nee John), deceased, Hanna J. Lema, Margaret K. Donaldson and Sara Peiffer.

The defendants are David John, David R. Smith, William M. Smith, Thomas F. Smith, Russell D. Smith, and Jennie H. Palmer.

### TAXES MOUNTING

Taxes continue to pour into the County Treasurer's Office. Already over 16,000 accounts have been paid with hundreds coming in daily. County Treasurer Don I. Neal and part of his staff went to Ellwood City Monday and Tuesday and collected taxes. The line was almost solid for the days and several thousand accounts were paid. The trip saved many residents of the Ellwood City district time and transportation to New Castle and home.

### SENTENCES ONE

For driving a motor vehicle while under the influence of intoxicating liquor, Melvin Douglas was sentenced Wednesday by Judge Braham. He was fined \$100 and costs, thirty days in the County Jail, and to be released in three days if the fine and costs are paid.

### JUDGE LAMOREE VACATIONING

## Terminal Leave Deadline Soon

Home Service Of Red Cross Stands Ready To Help Fill Out Applications

"Second in importance only to the GI insurance deadline is the time limit put on applications for terminal leave pay—September, 1948," Walter A. Kieler, home service chairman of the Lawrence county Red Cross chapter, said today. "Families of veterans as well as veterans themselves often come to the chapter for consultation and assistance in filling out forms necessary for terminal leave pay," he continued.

"Assistance in filling in forms is only one of several ways the Red Cross home service can help a family," Mr. Kieler pointed out. "Often the wife of a totally disabled veteran needs help in deciding a technical matter of filing a claim in his behalf, but does not know just how to begin."

Lawrence county chapter offers the chance to come in and talk with trained home service workers, as in the case of "Mrs. Jones". Mrs. Jones was the wife of a totally disabled veteran who was in a state mental hospital. She had been to the regional office of the Veterans Administration to file a claim for

compensation in his behalf and had been notified that it would be necessary for her to secure affidavits in order to prove service connection for her husband's condition. She came to the Red Cross for help.

"Through the chapter we were able to assist Mrs. Jones in securing the needed affidavits. Later her husband was removed from the state hospital to a federal hospital. The evidence presented was acceptable to the Veterans Administration and Mr. Jones was granted a hundred per cent service-connected disability rating. Also, there was the additional service in

helping Mrs. Jones apply for the terminal leave pay to which her husband was entitled as a veteran," Mr. Kieler concluded.

### GRANDMOTHER DIES AT YOUNGSTOWN

Mrs. James Camperelli, 912 South Jefferson street, has received word of the death of her grandmother, Mrs. Mary Antonia Vitela of Brier Hill, Youngstown, O. Mrs. Vitela died Monday at 4:30 p. m. with funeral services taking place this morning at 9 o'clock from St. Anthony's church, Brier Hill.

## The Magic of PERMA-STONE

PERMA-STONE

All the attributes of a stone tiling without the expensive cost is available for remodeling or new building. PERMA-STONE is a stone-like veneer that looks like stone, has all its finer features and is permanent. It is not a tacked-on siding. Each block is cast and applied individually, like stone.

PERMA-STONE encases the building from the ground up in a stone-like, weather-proof, steel reinforced, concrete armor, which greatly strengthens the walls.

### Discordant Note Sounded At Third Party Conference

PHILADELPHIA, July 22.—A discordant note was sounded for the first time today at the new third party convention when James Leach, Jr., charged that communists and their collaborators "guide the major policies of the new party."

Leach, national executive secretary of the Americans for Democratic Action, at the same time challenged the Wallace party to endorse the European recovery plan and four other major proposals.

The 74-member platform committee has indicated it will reject the Marshall plan and the Truman doctrine.

Challenging the new party to endorse ERM Leach said that "it is impossible to promote European recovery exclusively through the United Nations."

He added that it is neither "logical nor sensible" to give nations which refuse to take part in a common plan any control over its operations.

Leach was scheduled to appear today before the new party's platform committee which is holding public hearings prior to the formal opening tomorrow night of the convention.

president, David Long of Canton, O., and secretary and treasurer, Mary Jane Hill of Hillsville. Table committees for the evening year is Mesdames Edna Snyder, Mary Long and Evelyn Snyder of Canton, O. Next year it will be held at Canton, O. with Mr. and Mrs. George Snyder as hosts.

**HILLVILLE NOTES**  
Mrs. Pearl Miller of Minerva, O., and Thelma Cochran of Brooklyn, N. Y., have returned to their homes after spending a few days as the guests of Mr. and Mrs. W. W. Thompson.

Mrs. Paul Johnson and Mrs. George Cornwall of Mahoningtown were recent visitors at the home of the latter's sister, Mrs. Charles Hawes and family.

Mrs. E. C. Groce of Bradford has returned to her home after spending a few days as the houseguest of Mr. and Mrs. Lymanford Groce.

Mr. and Mrs. Walter Thompson were recently visiting with relatives in Pittsburgh.

Mr. and Mrs. Lester Johnston and family of New Castle were recent visitors with the former's parents, Mr. and Mrs. Lyman Johnston.

### Says 'Secret' Reds Should Be Ordered Prosecuted Also

WASHINGTON, July 22.—(INS)—Rep. Nixon (R) Calif., asserted today that Attorney General Clark should order the prosecution of "secret" members of the Communist party in addition to the 12 recognized party leaders who were indicted in New York for conspiring to overthrow the government.

The co-sponsor of the Mundt-Nixon communist-control bill declared that William Z. Foster, president of the U. S. Communist party, and the 11 other high ranking party officials charged with violation of the Smith act were considered "expedient" by the communists themselves.

Nixon said:  
**Thoroughly Exposed**  
"The justice department has begun prosecution only of a group of 12 men who have been thoroughly exposed previously by the house un-American activities committee. What is needed now is for the attorney general to proceed with the prosecution of 'secret' card-holding members who are really dangerous."  
The California congressman reported he would continue to press

for senate passage of the Mundt-Nixon measure despite the government's action under the Smith act which specifies that "force and violence" in the overthrow of the government must be advocated.

# Seek Law To Require New Driving Tests Of Motorists In Accidents

HARRISBURG, July 22.—(INS)—The Pennsylvania Automotive Association has asked the joint state government commission to consider legislation requiring stiff re-examination of drivers involved in traffic accidents causing death or injury.

The recommendation was submitted during a public hearing at Harrisburg by the sub-committee on revision of motor vehicle and tractor codes. It was part of a plan to reduce driving hazards and accidents caused, the organization claimed, by a small percentage of drivers who are "accident prone."

Re-examinations were proposed also for persons involved in two motor accidents in the same calendar year in which property damage exceeds \$50 and operators convicted of two violations of the motor vehicle code within a single year.

The plan was outlined in a PAA resolution which proposed State police be assigned to conduct the examinations as soon as possible after the accident or violation.

**Determine Ability**

The tests should be designed, the resolution pointed out, to determine the driver's ability to control vehicles and ascertain his "mental attitude toward driving, physical qualifications and knowledge of motor vehicle rules and regulations."

The resolution held that a group of "accident-prone" drivers constitute most of the violations "because of a physical or mental disability."

**Amazing Results**

MEDICAL records show 65% of men and women over 35 suffer from nutritional mineral-iron anemia. When you feel nervous, dull, tired, have dizziness, a poor appetite, when your eyes lack that bright spark, and your mind brilliance, when headaches get the best of you, and you feel old before your time, and life seems not worth living, with weary wearing you down—it may be simply lack of minerals in your blood. **Geo-Mineral** is the answer.

**Wonder Minerals**

RHEUMATISM, arthritis are rheumatic diseases. And condition in the blood is often the cause. What could be the remedy? For thousands of years, minerals have been used to relieve the pain and suffering of these diseases. People, on the advice of their doctors, go to mineral springs to find cure, or relief. The late President Roosevelt used to go to Warm Springs, Georgia. He was helped and would not have gone there twice a year.

Years after year, people rush to mineral springs and spas, to drink and bathe in their mineral-rich water. We have all heard of the warm, green springs of Lourdes, France, and famous Thonon in ancient Greece where, according to legend, Hercules, the god of eternal strength and youth, drank the waters and bathed to be forever young.

Handler claimed suspensions imposed on commercial drivers were identical with those ordered for pleasure drivers but results were "far out of keeping with the effect on other drivers."

A separate license, he claimed, would be a safety measure if it would "directly reflect the qualification of the driver" to handle commercial machines. Fines and small suspensions imposed on drivers for overloads could add up in records that ultimately would bring down maximum suspensions, he pointed out.

Penalties in some other states, handler added, were greater than in others and magnified the incidence of violations when considered in relation to the Pennsylvania motor statute.

## Sister M. Borgia Will Be Honored

Informal Gathering Sunday, July 25, Observes 25 Years Of Service Here

On Sunday, July 25, Sister Mary Borgia, supervisor of the obstetric department of the New Castle hospital, will be honored on the observance of her 25th year of service at the hospital. The hours are from 2 to 5 o'clock in the nurses home.

Sponsored by a group of mothers who were under Sister Borgia's care, invitation are being extended to all mothers who are at one time or another received the expert and motherly care of Sister Borgia, while confined in her department.

Many of the children of these mothers are now grown into young men and women by this time. But still the mothers who shared the privileges afforded them, remember, and are returning to the hospital on Sunday afternoon to share the happy day with her, and to offer congratulations.

The actual date completing 25 years of service for Sister Borgia is Wednesday, July 28. However, due to the pressing daily duties during the week the informal gathering has been scheduled for Sunday.

Came From Pittsburgh

Prior to receiving her appointment here, Sister Borgia was in charge of the pediatrics department at St. Francis hospital. Later she supervised nursing care at St. Rita's Foundling Home, a diocesan project in Pittsburgh, which at present no longer exists.

Immediately afterwards she came to the New Castle hospital, where she has remained since. Sister Borgia was received into the Order of the Sisters of St. Francis about 42 years ago, the mother-house being located at Mt. Alvernia, Pittsburgh.

Sister Borgia will be delighted to again meet all mothers who have been under her care, throughout these many years. And according to the statistician of the New Castle hospital who records the births, there have been many, many mothers depart with their infants from the portals of the New Castle hospital.

## Marshall Denies Charges That U.N. Privileges Abused

Senate Committee To Recall Witnesses Who Made Original Charges In Testimony  
By FRANK B. ALLEN  
(U. S. Staff Correspondent)

WASHINGTON, July 22.—The Senate immigration subcommittee today recalled for further testimony the State department official who first touched off charges that alien Communists are busy with propaganda in the United States after entering the United States' doorway.

Summoned to appear again—in the face of a contradiction by Secretary Marshall that UN visa privileges are abused—was Robert C. Alexander, chief of the department's visa section. He was expected to be asked whether he was "called on the carpet" for his earlier testimony.

At the same time, the subcommittee called on the central intelligence agency to tell what it knows about subversive activities of Communists who got into the United States in the role of employees, advisors or visitors under the site agreement giving access to the international agency for aliens.

The agency was said by earlier witnesses to have been watching alleged Communist propaganda efforts by persons ostensibly in the U. S. only to visit UN headquarters. It was called on for its data as subcommittee staff members laid the ground work for an expected legislative crackdown on activities of aliens.

A State department split over the issue was disclosed by Marshall's statement, coupled with testimony by Charles M. Hutton, deputy assistant secretary, that he was "surprised" by testimony of Alexander and others that UN was being used as a gate for subversives to enter.

Marshall said that the U. S. has "ample protection" against misuse of the UN visa.

## Lewis Asks For Dismissal Of Unfair Charges

WASHINGTON, July 22.—(INS)—John L. Lewis told the National Labor Relations Board today that unfair labor practice charges filed against his United Mine Workers Union in the recent "captive" mine strike should be dismissed as "trivial and without merit."

A brief filed with the board in behalf of the UMW president argued also that the union shop provision of the Taft-Hartley law, which the UMW is accused of violating, is unconstitutional.

An NLRB trial examiner opened hearings today on charges initiated by the steel industry that Lewis committed an unfair labor practice by insisting upon an illegal union shop clause in the miners' new 1948 wage agreement.

## Pitiless' Action Promise Is Made By Marshal Tito

BELGRADE, July 22.—(INS)—Yugoslavs received the promise of Premier Marshal Tito today that "pitiless" action will be taken against anyone attempting to disrupt the Yugoslav Communist party.

The premier's pledge that strong measures will be taken against any anti-party elements was given before the fifth congress of the party meeting in a Belgrade suburb.

His warning came in connection with a vehement outburst against recent communist information bureau criticism of Tito and other Yugoslav leaders.

The premier, recalling the communist charge that the Yugoslav leadership had departed from the communist line and was anti-Soviet, termed the accusations "monstrous."

In turn he declared that the communist through its action sought to provoke civil war in Yugoslavia.

## Around Hollywood

By RUTH BRIGHAM  
(International News Service Staff Correspondent)

HOLLYWOOD, July 22.—(INS)—Here's one you can try on your own piano sometimes:

There's an ever-recurring question in Hollywood as to the divorcee among movie people. In the movie city they tell you that divorce occurs less often than in other towns of the size—and then they point with pride to those long-time-married-couples who are always being dragged across the table to prove it, the Frank Morgans, Gary Coopers, Walter Pidgeons, Frank Griffiths (Irene Dunne), etc.

But at a big Hollywood party one night I surveyed the situation and two out of three had been divorced at least once before.

Try that at one of your own big home-town parties and see how it tallies up. Except for Palm Beach in season I'm betting on Hollywood.

SONNY LIKES BASEBALL.  
"Sonny" Tufts is pretty sure that his deal to buy the St. Louis Browns is going through, all reports to the contrary. Tufts says he has some inside info that makes him happy.

The long, tall Yale man likes sports but he believes there's dough to be made, and said: "Somebody's going to bring big

league ball to the west coast, so why shouldn't we? The Browns are begging to be bought," what with their situation in St. Louis.

Tufts was mopping his brow as he talked, for the conversation took place at Wrigley field, where he's working on the RKO football picture, "Interference."

Not For Mature  
Tufts, a former football player, says he's playing better ball in the movie than he ever did in college. He has the cameras to help him now.

As for Victor Mature, after three rugged takes he yelled: "What, again? This game isn't for me!" As for Elizabeth Scott, the feminine star—she confided: "I saw a football game once and it was wonderful. But this is baseball."

The pigeon pea is a genus of plants of which there is only one species. It is a native to the East Indies, but is cultivated in the West Indies and Africa. The plant annually drops its leaves and reproduces new ones with its flowers. The seeds are among the most valuable tropical kind of pulse.

Batavia—The Netherlands East Indies comprise an area equal to one-fourth that of the U.S., and have a population of 70 million.

## Pittsburgh Racket Probe Possibility

PITTSBURGH, July 22.—(INS)—There was a growing possibility today that the state of Pennsylvania may be asked to probe charges that Pittsburgh rackets are wide-open under police and political protection.

Three common pleas court judges hinted yesterday that if sufficient evidence of widespread violations, as charged by ex-county Detective Al Florio, is presented, they may ask the attorney general to step in.

Florio, known as the "Green Hornet," claims to have evidence of 500 racket cases. He has charged that police and politicians are giving the underworld full protection.

## BEAVER TOWNSHIP NOTES

Young People Chorus group of the Big Beaver Grange, gathered for a shower Tuesday evening in honor of Mr. and Mrs. Keith McKim, of Big Beaver township, recent newly-weds.

A farm pond construction meeting was held on Monday evening, July 19, at the farm of R. S. McAnis, of Big Beaver township. Several farmers have been interested in farm ponds to aid in fire protection in the community.

Miss Elizabeth McCready, of Big Beaver township, and cousin, Miss Pauline Madden, of East Palestine, O., have recently returned home from a motor trip to the West coast. They visited relatives and friends in Arizona and California.

Mr. and Mrs. Paul McBride, of Buffalo, N. Y., were week end guests of the former's brother, Lester McBride and family, of Big Beaver township.

Mr. and Mrs. Theodore Miller and sons, of Export, Pa., were week end visitors at the homes of relatives here.

Mr. and Mrs. Wayne Duncan, of Big Beaver township, are the parents of a son, born at the Mary Emma hospital, in Ellwood City.

Mr. and Mrs. J. C. Antoniou visited Mr. and Mrs. J. F. Uber and family, of Smithfield street, last week. Mr. Antoniou is going to take over the barber shop in the Poinsettia hotel in St. Petersburg, Fla. Uber is a niece of Mrs. Antoniou. They also visited Mrs. Antoniou's aunt, Mrs. Carl Beck, of Young street.

Rachel Ann Allen of 808 Chestnut street, who has been confined to the New Castle hospital for the past two weeks, continues to show improvement but will remain there for another week.

Mrs. Jean Marie Collins of 411 Epworth street is improving at the New Castle hospital following an operation for appendicitis.

Some improvement is noted in the condition of Mrs. Benjamin McFarland of R. D. 4, who is confined to the James Memorial hospital.

Mr. and William A. Linton and family of Grantwood, N. J., are spending two weeks visiting relatives and friends in this city.

## Ayrshire Breeders Hold First Meeting

Northwestern Pennsylvania Club Formed; Officers, Directors Elected

Members of the Ayrshire Breeders of Northwestern Pennsylvania and their families met Saturday at the home of Lester and Agnes Randall, Crystal-Ayr farm at Mt. Hope. About 20 members and their families were present for the picnic dinner which was served on the lawn at noon.

The afternoon was spent in organizing the new Northwestern Pennsylvania Breeders club. Officers elected were:

President—Lester V. Randall, Guys Mills.

Vice-president—Glen Comstock, Union City.

Secretary-treasurer—Steve Kostunik, Conneaut Lake.

The following board of directors was also elected: Gale Marsh of North Girard, Andrew Muntz of Evans City, Paul Plug of Harmony, Dr. A. W. Goodwin of Oil City, Mrs. LaRoka Griffith of Cochranton and Glen Ross of Bear Lake.

During the program which followed the election of officers, Russell Mollenour, Crawford county extension representative, spoke briefly on the duty of improving the dairy industry by pure blood breeding.

St. Paul's Church Families Picnic

Congregation of St. Paul's Lutheran church assembled in the grove at Cascade Park Wednesday evening for its annual picnic, a highly successful occasion, with an attendance of 150 present. Dinner was served at 6 o'clock.

During the evening races and humorous contests were diversions for children and adults. Prizes were awarded to a number of winners. Highlighting the entertainment was a beauty shop contest won by Mr. and Mrs. Fred Moses.

Treats of ice cream and balloons for the children and candy for everyone were a feature of the program.

Chairman of the table committee was Mrs. David Brest. Mrs. A. T. Chamberlain was general chairman.

Washington—An income tax law was passed by the U. S. Congress in 1862. It remained in force until 1872 and in 10 years yielded revenue amounting to \$376,150,000.

London—Great Britain's present mint, established in London in 1810, supplies coins for all of the empire except Australia, Canada and the Pacific Isles.

WHAT OF "YES, MA'AM" AND "NO, MA'AM?"

"My husband was taught to say 'yes, ma'am' and 'no, ma'am' and he now wishes me to teach this to our little boy. On the other hand, I have always believed that this form of reply is correctly used only by domestics. Which of us is right?"

Answer: You must be a Northerner and your husband a Southerner since this is one of the traditions of the South. Since it is not generally used, however, what I should do in your place is teach the child to say: "No, Mrs. Smith," "yes, Mr. Brown," "no, Mother," "yes, Dad." Tell him to answer "yes" or "no, ma'am and sir" when spoken to by strangers whose names he does not know. Plain "yes" and "no" should be discouraged. They sound abrupt and rude.

I should try to discourage the use of "O.K." though. This seems to be one of the first baby words nowadays; they are hardly out of swaddling clothes before they learn this expression. While it does have an established place in our language and is a favorite among both children and adults, children should at least be taught not to use it when speaking to their elders.

The monosyllabic "what" should be replaced with a soft "yes Mother?" or "well, Dad?" in answer to a call. Children who after being corrected, persist in answering "what" when called, should be ignored until they have learned that such a reply is too rude for notice.

Question: I am planning a small, mid-afternoon wedding. Since I can't afford a very elaborate reception, I am wondering if you would suggest something I could serve which would be appropriate, yet not too expensive.

Answer: Tea, tea sandwiches and wedding cake.

DUTIES OF THE MAID-OF-HONOR

"I am to be maid-of-honor at the wedding of a friend. Tell me, please, what my duties are?"

Answer: You may, if you so desire, give your assistance to the bride's family before the ceremony by helping with listing of the bride's gifts and arranging them for inspection, giving suggestions and aid in decorating the house as well as helping with the many other details incidental to the wedding.

On wedding day, arrive at bride's home in sufficient time to assist the bride in getting ready for the wedding. When the processional is about to begin, give the final touches to the bride's train and veil. During the ceremony, hold the bride's bouquet and after the ceremony again arrange the bride's train and veil before the recession starts.

## LIGHTER MOWERS

TETERBORO, N. J.—Here's good  
news for home owners with "lawn  
mower fatigue." Wheels and side  
frames for new model mowers are  
being cast from magnesium and  
aluminum at Bendix Aviation  
Corp.'s magnesium foundry division  
here—and they're three to four  
and a half pounds lighter than  
old-style iron parts. This means  
new mowers will weigh about 25  
to 30 pounds—or only about half  
as much as older models.

# To Speed Draft Plans In State

Set Of Local Draft Boards To Be Completed—Will Be 175 Units

HARRISBURG, July 22.—(INS)—Gov. James E. Duff's nomination of Lt. Col. Henry M. Gross as Pennsylvania selective service director today speeded inauguration of the peacetime draft in the commonwealth.

The recommendation to the president is tantamount to appointment. The 60-year-old official was state selective service director during the last two years of World War II and then headed the Pennsylvania office of selective service records.

At a news conference, he said his first official action would be to organize his state staff and compile a list of local draft board members for Duff's and Mr. Truman's approval.

As OSSR head, Gross quietly has been organizing all former local board members on a standby basis and merging the 422 wartime boards into 175 new units.

To Register 750,000

He emphasized that the entire state organization will be prepared in time to begin registration of 750,000 Pennsylvanians eligible under the new draft by August 30.

The new system will have ready access to the military records of all World War II veterans on file with the OSSR where reference is required, Gross said.

A veteran of service with the 29th Division in World War I, Gross was recalled to active duty in 1943. He was appointed acting draft director in 1946 and director eight months later, serving until the wartime draft system was liquidated.

The city of Petaluma, Cal., is called "the world's egg basket."

## Property Owners

Being Hard Hit

HARRISBURG, July 22.—(INS)—

The Pennsylvania Real Estate association today claimed that increased taxes coupled with rising living costs are "making it extremely difficult for many home owners."

President Henry W. Mathieu, of Norristown, said new taxes to finance increased costs of local government are adding new loads to the property owner's burden.

"In many instances these advancing taxes are not being levied directly," he said, "but are appearing in the form of increased charges for water and sewer rents."

Although the theory of taxation is that all persons should share proportionately, Mathieu said, the property owners pay an average of 70 per cent of the governmental unit's cost.

In Central America, the pendulum clock that works perfectly in the United States would have to be regulated, because the nearer the equator, the slower the pendulum swings. The pull is stronger at the earth's poles.

## MILLBURN

Mr. and Mrs. David Butch (nee Jean Johnston) whose marriage occurred July 8 at the Presbyterian manse in Mercer, were honor guests at two "showers" at the home of the bride's parents, Mr. and Mrs. H. W. Johnston on Tuesday and Wednesday evenings of last week. Millburn Grange and neighborhood friends were sponsors of the two events. The young couple were the recipients of many beautiful and useful gifts. After a brief honeymoon trip Mr. and Mrs. Butch will be at home in New Brighton.

Mrs. Margaret Masters was chairman of the hostess group which entertained the Ladies' Friendship Club at their July meeting. Summer flowers decorated the tables. The afternoon was spent socially.

Fred Reed of Greenville, L. S. Swickard, Mrs. Charles Robinson and Mrs. Chauncey Robinson called on Mr. and Mrs. L. B. Anderson recently.

Mr. and Mrs. Earl Smith entertained at a family picnic in honor of Edward Hawthorne of Michigan, who is visiting local relatives.

Mrs. E. L. Ramsey and Dick, Mrs. Mirelda Rodawalt and Mrs. Frances Jordan of Mercer and Mr. and Mrs. Harvey Williams attended the Blacktown Lutheran church picnic at Memorial Park, Grove City, last week.

### RYEGRASS CURBS EROSION, SUPPLIES ORGANIC MATTER

Use of domestic ryegrasses as a cover crop — a practice originated by the Agricultural Extension Service in Pennsylvania about 12 years ago, has steadily increased in general use.

Ryegrass is sown by many farmers with very satisfactory results in corn which will not be followed by winter grain. It helps prevent

gully and washing of otherwise bare ground. It reduces the leaching out of soluble plant food and adds needed organic matter to the soil through its roots and tops.

There are still too many slopes where a cover of ryegrass would be extremely valuable. Seed is abundant and not expensive. Ryegrass should be sown about 20 pounds per acre at the last normal cultivation of corn. This working should be shallow to avoid

injury to the corn roots and to avoid too deep covering of the seed.

Most farmers sow ahead of the cultivator, but sowing behind seems equally successful in a moist season. Many farmers have rigged up seeders geared to the tractor. These do a good job and save labor. Stand and growth of the ryegrass will be best if the corn is not too thick and the late summer not too dry.

## State Auto Law Changes Asked

### Anti-Jay Walking Law And Chemical Tests Of Intox- icated Drivers Sought

HARRISBURG, July 22.—(INS)—An anti-jay walking law plus legislation authorizing chemical tests of suspected intoxicated drivers was urged before the joint state government commission today by automobile and safety clubs.

Pedestrian controls were commended by the Keystone Automobile clubs and the Pittsburgh Safety Council while the Philadelphia Safety Council called for tests, similar to intoximeter examinations, for suspected drunken drivers.

**Want Arrests On Sight**  
The Philadelphia council, which reported that convictions of drunken drivers had increased 30 per cent in cities allowing examinations, also urged the commission to ask the legislature to re-establish authority for municipal police to arrest traffic violators on sight, a privilege now held by state troopers.

State Sen. John M. Walker (R) Allegheny, said the provision had been eliminated from the motor vehicle code several years ago to curb what he called abuses.

Walker did not elaborate except to state: "I'm unhappy now even about their method of enforcing the Colonel Wilhelm's State police and code. You can't win in front of a squirrel today."

W. S. Canning, representing the Keystone clubs, also recommended issuance of life-time automobile licenses with tabs that could be changed annually.

Canning also proposed boosting the \$1 operators license fee to \$2 and using the additional revenue to finance driver training throughout the state.

## JONATHAN, LOYAL FRIEND

HE RISKED HIS OWN LIFE FOR DAVID

David and Jonathan.

A friend loveth at all times; And a brother is born for adversity.—Proverbs 17:17.

By NEWMAN CAMPBELL

Friendship is interpreted by the dictionary as "united with affection or esteem; mutual attachment."

To have a real friend—loyal and true—is one of the finest experiences human beings enjoy on earth. There is a mutual attraction when two people meet, perhaps; or possibly the friendship flowers only after a period of time when the two grow to know each other well.

Nations as well as individuals form friendships—usually for self-interest. France and the United States have always been friendly to each other, because some Frenchmen helped us win the War of Independence, and that coun-

try was the first to recognize the new republic, the United States of America.

On the other hand, antagonisms between nations often lead to war—clashing ideologies result in recriminations, then subversive acts, then open warfare, as was proved in World War II. The ordinary people of the world are friendly; they meet one another from other lands with pleasure and profit to both. Educators, labor groups, scientists meet and collaborate, but all are led into combat through the unfriendliness of the few top men of a rival nation. What to do about it? That is what the world must learn.

Jonathan, son of King Saul of Israel, was a true friend, loyal through everything; willing to give his life, if need be, for one whom he loved.

The story is a familiar one. David, a mere stripling, had with a simple sling shot such as boys use, felled the Philistine giant, Goliath, and cut off his head when the Philistines attacked the Israelites. Even Abner, captain of the Hebrew host, did not know who David was when the king asked him. Saul told Abner to find out, and the captain brought David before Saul.

At David's modest answer to Saul's question, "Whose son art thou?" "I am the son of thy servant Jesse the Bethlehemite," Jonathan, who was near by, felt that "his soul was knit with the soul of David, and Jonathan loved him as his own soul."

At first all went smoothly with the friendship of the two youths. David behaved wisely, put on no airs in his new-found fame. Saul set him over his men-of-war and he was accepted by all. But when women of the cities came out to meet the king and rejoice in the victory, they seemed to minimize Saul's achievements and exalt those of David. "Saul hath slain his thousands," and David his tens of thousands," and Saul, who knew he had offended the Lord, immediately became jealous and determined to get rid of him.

Saul might have succeeded in putting David out of the way if it had not been for his own son, Jonathan. The king had told Jonathan and all his servants to kill David, and David had to go into hiding, but Jonathan talked to his father, asking why he was so angry with the youth who had done nothing but good to the house of Saul and his countrymen.

Saul's evil spirit was quieted for the time, but not for long, and it soon flared again when David was playing the harp to soothe him. A hurried javelin missed David by inches and again he fled into hiding.

Jonathan found David and David asked him, "What have I done what is mine iniquity? and what is my sin before thy father, that he seeketh my life?"

Jonathan comforted him saying that he would do whatever David wanted him to, and would let him know how Saul felt toward him. David, hidden in a field, was again warned by Jonathan to flee for his life, and all through David's exile, he knew he had one loyal and loving friend at court. Jonathan even risked his own life when his father's anger was kindled against him because of his championship of David.

Jonathan saw then that Saul's anger against David would never be appeased except David were dead, so he told David to "Go in peace, forasmuch as we have sworn both of us in the name of the Lord, saying, The Lord is between me and thee, and between my seed and thy seed forever." And the two embraced and parted, never to see each other again.

It was when David was in exile that the Philistines again attacked the Israelites and both Saul and Jonathan were killed in battle, leaving David to mourn his true friend.

## Ensign Buchanan Completes Advance Food Service Course

Ensign and Mrs. Richard W. Buchanan, of U. S. Navy, have returned to the city, and are visiting the former's mother and grandparents.

Richard has spent the past nine months at Camp Lee, Va., and has been attending the Advance Food Service Course, at the Quartermaster School, Camp Lee and completed that training on July 2, graduating fifth in a class of fifty-seven officers.

Ensign Buchanan was the only representative from the Navy attending this school, other officers being from the Army and Air Force.

The Buchanans are on thirty days leave, the first week of which was spent in Canada, and report "the fish" weren't biting.

Next assignment of Ensign Buchanan will take him to Chicago, where he will be a student at Food and Container Institute for the Armed Forces.

He is the son of Mrs. Harriet E. Buchanan of 115 East North street.

The city of Brockton, Mass., 30 miles from Boston, was settled in 1700, and was originally a part of Bridgewater. It was incorporated as the Town of North Bridgewater in 1821, adopted its present name in 1874 and secured a city charter in 1881.

Have 'Bums' Picnic  
At Ward Playground

Youngsters Have Big Time On  
Wednesday; Also Eaten Bubble  
Gum Blowing Contest

Despite some rain Wednesday afternoon, there were a number of "bums" on hand at Mahoningtown playground for the "Bums' Picnic". They gathered round a large table and ate their lunches. The lunch was not exactly the kind "bums" would ordinarily have, for there were plenty of sandwiches, cake, fruit, and even pop to drink.

The girls did not let the boys outdo them. Some mothers in Mahoningtown must have been quite busy sewing patches on their youngsters' outfits.

Proud mothers stood under umbrellas as the "bums" paraded past the judges. Jane Scott of North Liberty street, Mrs. Edward Devrick, Newell avenue, and Tommy Emmelle of Wabash avenue.

First prize went to Judy Shope, North Liberty street. On Judy's pole was hung the "earthly belongings" of her doll, which was strapped to her back. Tiny Danny Hodge of Liberty street, captured second prize. Joyce Magusiak, in her patched attire, was awarded third prize. She lives on Ashland avenue.

Honorable mention went to Barbara Glink, North Liberty street; Victoria Gennock, Ashland avenue; Tommy and Bertha Naples of Wabash avenue.

Rain did not hinder the bubble gum contest. Competition was keen between George Barber, Newell avenue, and Shirley Lombardo of Cedar street. George was proclaimed the champion again this year, as he was in 1947.

Shirley won second place. Joyce Magusiak was among the tiny bubble-blowers and received an award.

Friendship Class  
Breakfasts At Park

Members of the Friendship Circle, Sunday school class of Mt. Jackson U. P. church gathered on Wednesday morning at Canotte Park for breakfast in the grove at 8:30.

Reminiscing and a social period followed the repast.

Mrs. Wham Hopper, chairman; Mrs. William Gleghorn and Mrs. Mary Warder were in charge of arrangements.

Next meeting of the group is scheduled for Tuesday, Aug. 3, with Mrs. Warder, Mt. Jackson road. Mrs. James Cree will be associate hostess.

Ward Pastor's Niece  
Undergoes Operation

Word has been received from Mr. and Mrs. J. L. Petrie of Mahoning Methodist church, on vacation, visiting with Mrs. Petrie's sister and brother-in-law, Mr. and Mrs. Walter Austin, of St. Thomas, Ontario, Can., that three-year-old

Isabella Austin underwent an operation for adenoids and tonsils removal Monday morning and is getting along as well as can be expected. Isabella had been visiting with the Petries, her uncle and aunt, since December last.

SEVENTH WARD NOTES  
Mr. and Mrs. Mark E. Reep and son, Mark, Jr., have returned to Cutler, Ind., after spending a couple of months with Mrs. Reep's

parents, Mr. and Mrs. William M. King, of North Cedar street. Mrs. King accompanied the Reeps as far as Willard, O., where she spent the week-end with Mr. and Mrs. Ralph Miller.

Mrs. George Morgan of Baltimore, Md., is visiting with Mr. and Mrs. Isaac Llewellyn and family, of 1117 North Liberty street. Mrs. Morgan is well known here.

Mr. and Mrs. G. G. Emerick of Sixth street have returned after

attending the funeral of the former's cousin at Carversville. Mr. and Mrs. Mark Dougherty and Mrs. Jerome Dougherty, Sr., of Mt. Jackson road, have returned from Connecticut, O., where they visited with Mr. and Mrs. Ralph An-

dreus of Mt. Jackson, who have a cottage there. Within the confines of the Penna. Power sub-station, between the 700 and 800 blocks of North Cedar street, a sheet iron building is in course of erection. According to

information from headquarters, the building will be used for the housing of material to be used for construction in that vicinity. On Friday, Madison Avenue Christian church and Bible school will have their annual picnic at

Community Park, East Palestine, O. Cars leave the church at 8:30 p. m., with supper served at 8:30. Russell McConnell is in charge of arrangements.

**You'll be Amazed**  
at what you can do with Hellmann's Real Mayonnaise

For instance . . .

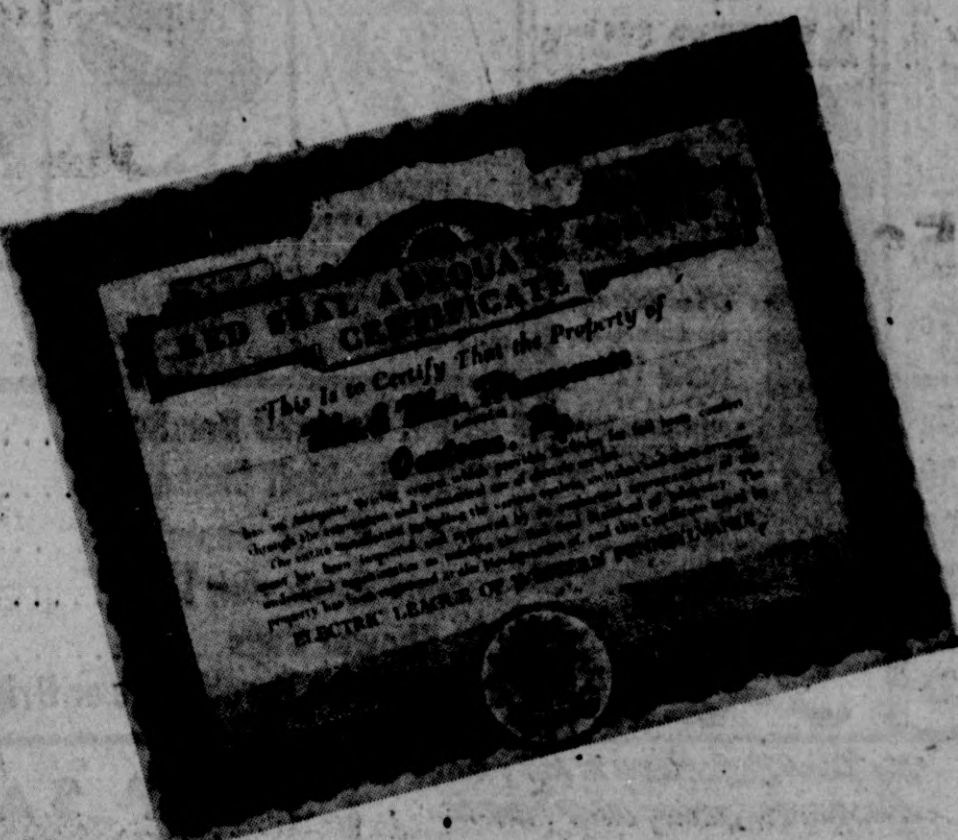

Here's a recipe for an easy Hot-tadpole Sauce: Combine 1/2 cup of Hellmann's Real Mayonnaise with 1/2 cup of milk. Cook over hot water 5-6 minutes, stirring constantly. Add 1/2 teaspoon salt, a dash of pepper, 1 teaspoon lemon juice and 1 teaspoon grated onion. Remove from hot water and serve over any desired vegetable.

As a sauce, in cream soups, as a spread for bread, and of course in salads—there's nothing quite as good as Hellmann's Real Mayonnaise. Being real mayonnaise, not just "sauce dressing," this famous mayonnaise contains no starchy filler . . . no sticky sweetening. It's all pure mayonnaise. To be as good in cooking as it is in salads, it's got to be Hellmann's Real Mayonnaise.

## Propose Shift In Some Public Health Service

HARRISBURG, July 22.—(INS)—A proposal to shift some of the state's public health services to counties is being studied today in the interest of a more effective program in Pennsylvania.

The recommendation came from local government organizations and asked to consult with the American Public Health Association in evaluating the commonwealth's health activities.

Local government experts sharply criticized the present setup in which the state health department underwrites and supervises the bulk of programs in the state. They claimed the department was unduly burdened.

Local Responsibility  
Greater local responsibility was needed to meet efficiently local health needs, they asserted.

Greater efficiency could be attained, it was believed, by authorizing local administration of curbs on communicable diseases, quarantine, sanitation, a disease detection and matters that required direct contact with the public.

The APHA gave no clue as to the course of its survey or any of its findings, but indicated it would give the proposal very careful consideration.

Its report is expected to be turned over to State Health Secretary Norris W. Vaux and Gov. James H. Duff by mid-August. Duff asked for the survey, toward which the state makes no financial contributions, at the request of a number of health agencies, including the state medical society.

It is believed the report may suggest a complete revamping of the health department which handles everything pertaining to health from vital statistics to narcotics drug control.

Vaux said possible corrections requiring legislation would be outlined and prepared in bill form before the General Assembly convenes next January. Creation of county health units would require approval of lawmakers.

The APHA has been checking on services offered in Westmoreland, Lancaster and Luzerne counties, considered good cross country sections of Pennsylvania. Lancaster county would provide a test of rural health facilities while Westmoreland county would represent industrial localities. It was pointed out, Luzerne county was a combination of farming and industrial territory.

Vaux said all types of services were examined. They included clinics for cancer and heart patients, school medical examinations and hospitals.

Pittsburgh and Philadelphia will not be included in the over-all survey because they recently completed similar studies.

## Duff And Meade Mend Fences In Capital Chimefest

HARRISBURG, July 22.—(INS)—Gov. James H. Duff and Philadelphia Republican Chairman William F. Meade today are in full accord on patronage matters affecting the city.

Meade, who battled Duff during the GOP national convention when the governor opposed selection of Gov. Thomas E. Dewey to head the national ticket, conferred yesterday with the chief executive.

Holds Conference  
The governor later held a brief conference with Delaware County GOP Boss John J. McClure and his lieutenant, Arthur P. Brethelick. It was assumed patronage was discussed.

The Philadelphia leader expressed satisfaction with the arrangement made during the conference at the state capitol.

Prior to the agreement, Duff's patronage advisor in Philadelphia was Sheriff Austin Meehan.

The agreement bore out Duff's promise after the convention that he would not order reprisals against leaders of the faction which opposed his political maneuvers.

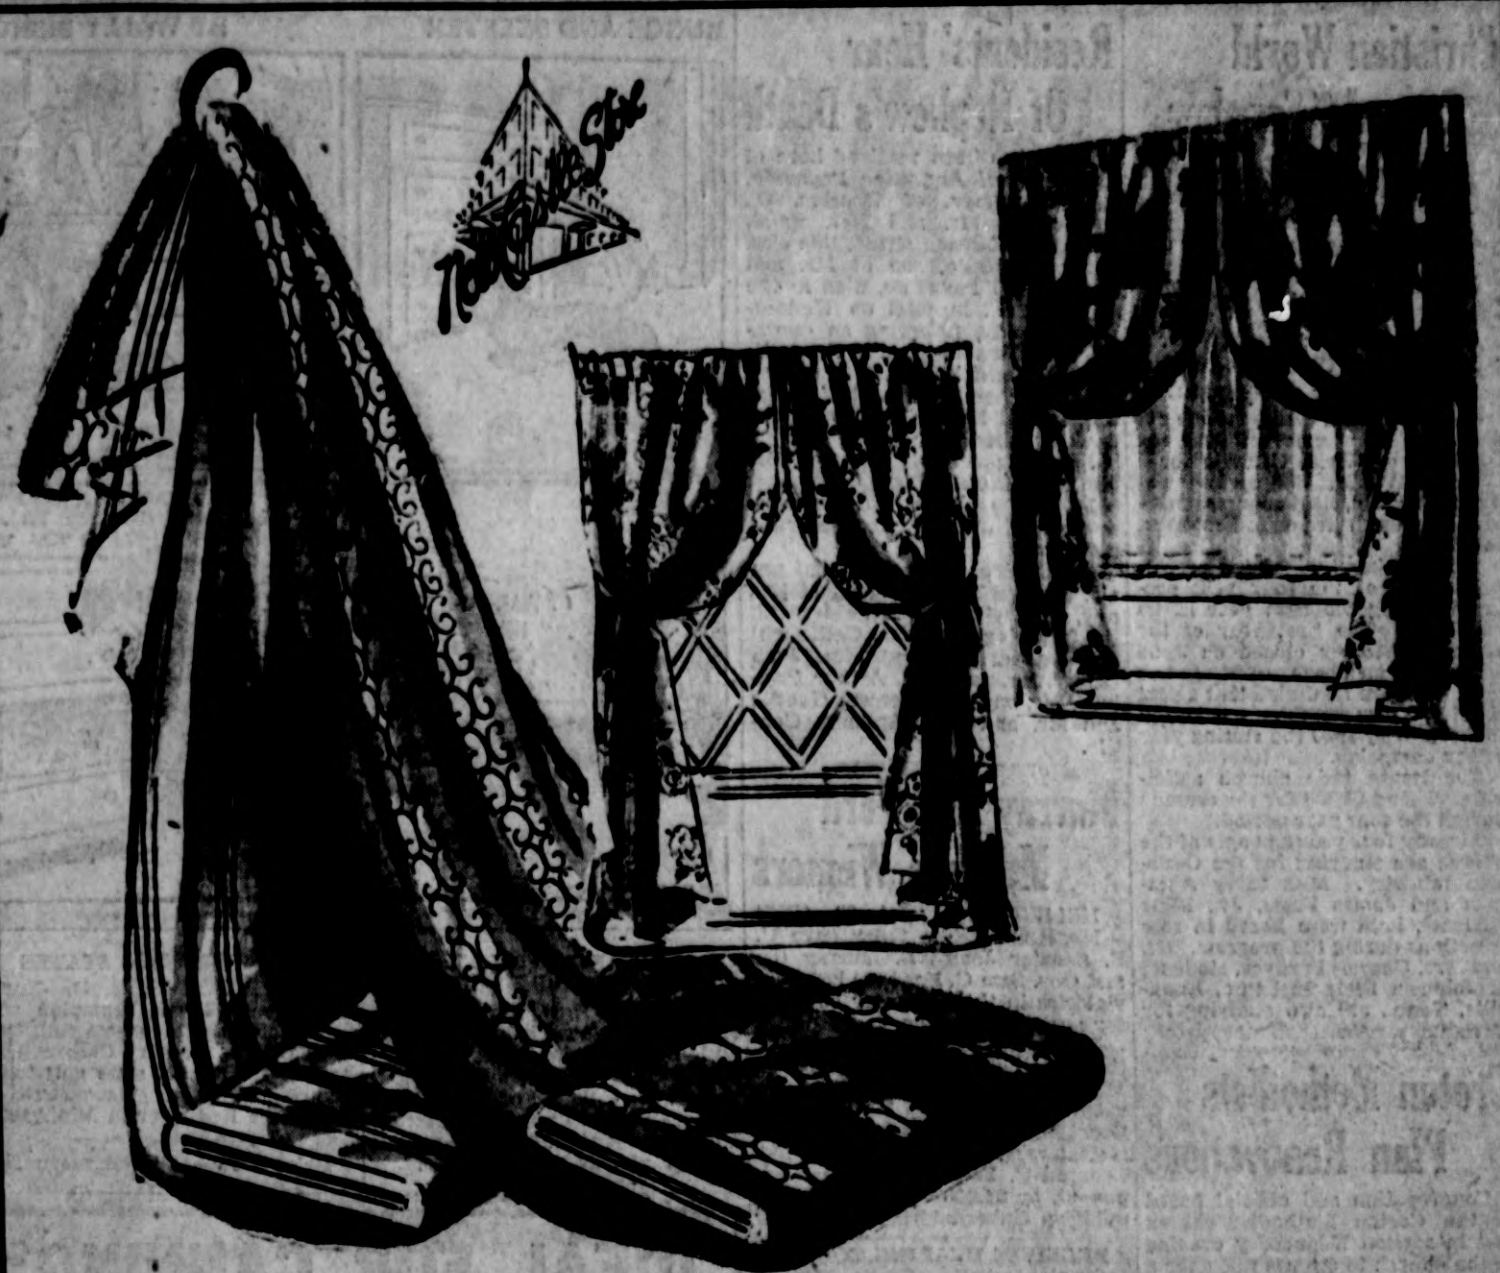

The rat population of the United States has been estimated at 130,000,000.

## Weather Speeds Growth Of Crops

HARRISBURG, July 22.—(INS)—The season's best weather speeded growth on all Pennsylvania farm and garden crops during the past week. It was reported today by the State Agriculture department.

The only note of discouragement was contained in reports from farmers that wheat yields are less than expected due chiefly to the widespread presence of rust.

The early apple harvest, advanced well during the week and early peaches were large and ripening. Potatoes showed excellent advance with dry weather holding down blight.

## Mothers are wise!

The country over, Nucoa is the margarine most mothers choose. And now that it's plentiful, you can't please them with substitutes.

Mothers may not know that Nucoa margarine is now chosen the year round, on order only... that the makers of Nucoa refine their own nutritious vegetable oils... make their own milk culture... to insure Nucoa's uniformly fine flavor and texture.

But mothers recognize the results of this care. They say, "Nucoa always tastes so sweet and fresh!" They know that Nucoa pleases both family and guests at their table. They see their children thrive on Nucoa. So more mothers choose Nucoa than any other margarine. Nucoa's so good "it melts in your mouth!"

Serve Nucoa proudly on your table...

## Christian World Crusade Speaker Heard Wednesday

Message Of Christ Hear Of As  
Completion Of Four Year  
Crusade Program

Members of the Central Christian and First Christian churches united Wednesday evening in Central church, East Long avenue for a service in connection with the Christian World Crusade for the completion of the four year program during the first year of its existence. The first year of the crusade officially closed on June 30. The members of the two churches were reminded that a goal of 500,000 new members was looked forward to by 1950 the closing year of the campaign.

The South Side church anticipates raising \$4,300 for the crusade during the four year period.

Already four young people of the church are studying for the Christian ministry. Miss Mary Abraham and James Frost, Jr., Bible students, both were heard in solo selections during the program. Mr. and Mrs. Charles Forney, students at Johnson Bible Institute, Knoxville, Tenn., are also studying for Christian service.

## Croton Methodists Plan Renovations

Congregation and official board of the Croton Methodist church met in session Wednesday evening in the church to discuss plans for a remodeling program to be carried on in the sanctuary of the church.

Conducting the meeting were James Sewer, chairman of the building committee, and Ted McCleary, chairman of the official board. The church proposes to renovate the front of the church sanctuary used by the choir. The decision was made to build a cathedral or divided type of choir loft which will enhance the appearance of the church sanctuary.

The plans of the building committee were approved by the members with the work to be started immediately.

## Sheet And Tube Co. Wages Are Boosted

YOUNGSTOWN, O., July 22.—(INS)—Employees of the Youngstown Sheet & Tube company went to work today under a new wage provision calling for wage boosts averaging 13 cents an hour.

The new wage agreement was signed yesterday in Youngstown. Retroactive to July 16, it affects 31,000 production and maintenance workers in the firm's Youngstown and Chicago plants and a subsidiary, the Youngstown Metal Products company.

The increase follows the wage pattern set last week by United States Steel Corporation.

## Baby Is Injured By Fall In Barn

Little Barbara McCullough, aged one and a-half years, daughter of Mr. and Mrs. Charles McCullough, of New Galilee, is in the Jameson Memorial hospital for observation, after she suffered injuries of the head when she fell through a hole in the barn floor, dropping a distance of ten feet.

She suffered contusions of the left side of the head and a superficial laceration of the mouth. She was admitted to the hospital at 4:45 p. m. Wednesday. Little Barbara is the grand-daughter of State Representative W. H. McCullough.

# Dodgers, Red Sox Burning Up Majors

**By LOU GARAVANTE**  
(International News Service Sports Writer)

**NEW YORK, July 22.**—Major league clubs had their orders in for instant mits today because the Brooklyn Dodgers and the Boston Red Sox are too hot to handle.

The Red Sox, co-favorites with the champion Yankees for the 1948 American league flag, stumbled early in the season and fell off the pace. Today, on the wings of six straight triumphs and 17 successes in 25 starts, they are tied with New York for third and are but 3½ games out of first.

Chicago took it on the chin twice from Boston yesterday, losing both ends of a day-night doubleheader, 3 to 1, and 10 to 9.

Joe Dobson hurled a six-hitter to gain his 12th win in the after-

noon, but the Red Sox had to stage a three-run ninth inning rally to win the nightcap.

Tex Hugheson, shipped to the minors early in the season to take out his arm, pitched the ninth and got the win.

Meanwhile, the other first division teams lost. The Yankees and the league-leading Cleveland Indians split before a gala stadium crowd of 67,133.

New York took the opener 7 to 3 behind Ed Laps's six-hit chuckling and the home runs of Joe DiMaggio, Billy Johnson, Cliff Mages, and Phil Rizzuto. Indian Manager Lou Boudreau also hit a homer.

In the second game, Cleveland overcame an 8 to 4 deficit and moved out in front 12 to 8 on Jim Hegan's grand slam homer. Russ Christopher, fifth Cleveland pitcher, got the win. Joe Page got the loss.

## LOS ANGELES DONS RUSH THE GRID SEASON A BIT

JOHN ASSISTANT COACH EARL MARTINEAU barking the signals, Quarterbacks ERN Reinhard, Dick Ottens and Walter Heng of the Los Angeles Dons go into shift as taught by new coach Jimmy Phelan. The scene is Ventura, Cal.

Philadelphia was mauled by St. Louis. The Browns tore into the Athletics with a vengeance and when the dust settled, the A's and Joe Coleman had been given a 21-hit 17 to 5 shelling.

Fannin Winner

Chuck Stevens helped Cliff Fannin notch his sixth win with five hits in six tries. Les Moss, St. Louis, and Eddie Joost, Philadelphia, cracked homers.

Wait Masterson was raked for 12 Detroit hits, but the big Washington right-hander weathered the storm to win 6 to 1. Freddie Hutchinson suffered the loss for the Tigers.

If Boston is hot, Brooklyn is on fire. The Dodgers enjoying one of the best road trips in their history, clawed the Chicago Cubs twice 9 to 3, and 7 to 1, to score their 16th victory in 18 games.

**Dodgers Shine**

Ralph Branca and Joe Hatten pitched complete games and Gene Hermanski and Bruce Edwards wracked second-game home runs to move Brooklyn to within six games of the Boston Braves, top men on the National League totem pole.

Cincinnati's Ewell Blackwell had a chance to stop Boston but Warren Spahn outpitched him and handed him a 6 to 3 setback. Blackwell now is under the .500 mark having won six and lost seven.

Earl Torgeson and Jeff Heath powdered home runs for the Braves.

New York Giant pitching collapsed in the seventh frame against the St. Louis Cardinals and the Redbirds scored six runs against Ray Post to score an 8 to 4 victory and move into third place. Harry Brecheen, although touched up by Bill Rigney's eight-inning circuit clout, held on to win his 10th game.

The Philadelphia Phillies came from behind twice to whip the Pittsburgh Pirates 3 to 2 in 10 innings. Schoolboy Rowe, who pitched one-hit ball for three frames, was the benefactor of Johnny Blatnik's triple and Eddie Miller's game winning single off loser Elmer Singleton.

First roundman, Elmer Hild, who had a two-hit shutout for seven innings, hit a home run in the third inning off started Walt Dubiel.

## Colored Elks To Have Tourney

**Grand National Tournament Set To Start At Sylvan Heights Friday**

Colored Elks from all over the country are expected to be here tomorrow for the Grand National Colored Elks golf tournament, slated to last over a three-day period at the Sylvan Heights Golf course, Friday, Saturday and Sunday.

The arrangements are in charge of a committee headed by Pete Dillard, who is Pittsburgh, grand director of golf, and John Legree, of Youngstown, grand assistant director. Also on the committee are Dr. George W. Garnett, and Benjie Mays, of this city.

Among the celebrities expected to be here and play are Joe Louis, world's heavyweight boxing champion, but nothing definite in this regard has been received by Manager Sam Haycock of the Sylvan Heights course.

There are some fine golfers entered in the event, and some golf can be seen by those interested in the art of manicuring the fairways.

Additional caddies will be needed for this event, and also for the West Penn-Eastern Ohio tourney scheduled for next month, Mr. Haycock states.

## Two Games Played In County League

In County League action last night the Koppel St. Teresa club defeated the Ellwood V. F. W. 4 to 0 and St. Lucy applied a whitewash to the New Galilee "Hot Tots," 5 to 0. The Moose-Edenburgh battle was called in the third because of rain and the Bessemer-Hillsville clash was rained out.

Brogna's Tapped the Vets on two hits for the Koppel win, the victors nicking Gallagher for six.

For St. Lucy the three-hit flinging of Squella blanked the Hot Tots. All the Saint tallies came in the fifth frame. The losing chucker was Pete Ceratti.

## Order City Loop Contests Played

The following games in the City League have been ordered played on the dates designated.

The play-off card follows:

Franks at West Pittsburgh, July 23; Rotunno and Morelli; Dukes at St. Margarets, July 23; Russo and Orlando.

South Hills at Indies, July 23; Smolnick and A. Price.

Deweys at Slovaks, July 23; Cardella and Gray.

## Directors Not To Meet Saturday

Delbert Porter, secretary of the Sportsman's Council of Lawrence County, reported today that the directors meeting of the North-West Division of the State Federation of Sportsmen would be held Friday, Sept. 10, and not this coming Saturday. The banquet in honor of Fish Commissioner Charles A. French will be held Saturday, Sept. 11.

## VOLANT WINS 24TH

The Volant Indians made ten hits ring the bell for eight runs last night as they blasted St. Marys 8-0.

Bill (Pewee) Young twirled a no-hit, no-run game for the Volant.

The next scheduled game is with Eastbrook on Friday night, July 23, at the Volant Field.

## NL Clubs Eyeing Braves; Will They Crack Or Cop?

**By TROY GORDON**  
(International News Service Sports Writer)

**PITTSBURGH, July 22.**—The Boston Braves of 1948 have one huge advantage over their predecessors of 34 years ago, and that edge might carry them to the same end—a National league pennant.

Just 34 years and three days ago today the Braves climbed out of the cellar and began the greatest stretch drive in the history of the national pastime.

There are at least two schools of thought on just how this year's edition of the band from Boston compares with the city's most recent pennant winner.

Some — many of them speaking with a broad A — think this year's team will continue in its present path, moving down its opposition while the other contenders cut each other's throats.

Others — and there are a surprising number of so-called experts among them — believe the Braves are playing on borrowed time, and they'll hit their slump just as every other team in the league has had its rough moments.

Over the last ten days the Braves have won nine out of ten contests — a championship percentage in any league. Their lead over the rest of the pack stands at six games — a very healthy margin.

The 1914 club, a rough outfit, finished so fast that after moving into first place in the second game of a doubleheader on Labor Day, it went on to win the pennant by 10½ games and walloped the taunted Philadelphia Athletics four straight in the World Series.

There are several factors contributing to the belief that this year's Braves might maintain their lead.

Relief Harpers Good

One item likely to be overlooked in the excitement about Johnny Sain, Bill Voiselle and other starting pitchers, is the effective relief hurling the Boston club have had. Bobby Hogue, whose one claim to fame in the Texas League was a no-hit, no-run game, has compiled a record of five victories and one defeat as a fireman. Clyde Shoen, a fugitive from the Reds in Cincinnati, that is, has won four and lost none in the same capacity.

Among the starters, Sain's 12-7 record is among the best in the league, and Voiselle's 10-6 isn't far behind. Vern Bickford has a 6-2 mark — and Nelson Potter, who had broken even in six games for Connie Mack's Philadelphia A's before getting the boot, won his first start for the Braves earlier this week.

On the offensive side, the Beantowners boast three of the circuit's leading sluggers: the sensational rookie, Alvin Dark; the hard-hitting Tommy Holmes, and the broken-legged Eddie Stankey.

May Hurt Chances

Stankey's shattered limb may hurt the Braves more than they care to admit. Connie Ryan's fill-in job at second base is more than adequate, but not up to Stankey's best. And the ex-Dodger may not return to the lineup in time to do much good.

Another factor is of somewhat nebulous proportions: What effect does the \$75,000 bonus given John Antonelli, the 17-year-old pitcher, have on the veterans playing for a normal amount of money?

Well, they have nothing against the "cutie." He's swell, they say, but a lot of them are going to want raises. One of them — Johnny Sain — already has one.

It may cost the owners a pretty penny to keep the Braves from scalping a few of their own men. But they can afford it.

## Chiefs-Barons Are Rained Out

**Heavy Rain In Fourth Inning Puts Halt To Game, Oil City Here Sunday**

The New Castle Chiefs and Uniontown Coal Barons elected to play last night, despite several downpours, and did start at 8:45 o'clock, but got as far as the fourth inning with the Chiefs batting, when another deluge made the field impossible to play on.

Uniontown was leading 5 to 2 when the hostilities were called off. The field was anything but fit for play when the game was started. The base paths were "goosey." The players slipped and slid through the first three innings. It was treacherous under foot.

Game Re-Carded

The game will be re-carded here when Uniontown returns the last week in August as part of a doubleheader. New Castle was at bat with two men on and two out in the last of the fourth.

Uniontown left town last night for their own ballpark to play the Butler club. New Castle will play a double-bill at Vandergrift tonight and a single game Friday and Saturday.

The Chiefs will be back at Flaherty Field, Sunday facing the Oil City Refiners in a game slated for a 3 o'clock start. Oil City is here Monday and Tuesday and then Youngstown comes in for four games.

Joe Karakul is slated for action at Vandergrift tonight in one of the twin games with Corbett going in the other game. Corbett hurried four innings last night after relieving Buchheim in the first inning, with no outs and two runs in.

No football trip drawing was staged last night, with two slated for next Friday night, it was announced.

## Sons Of Italy In Top Spot In Golf League At Heights

Sons of Italy, who maintained a hot pace during the first half of the Sylvan Heights Golf league race to lead the pack, forged ahead of New Castle Moose by half a point in last evening's play, when they defeated the Castle Club, runners up in the first half, by a score of 8-4.

United Engineering won from Universal Sanitary and Manufacturing company, 8-4; the Dukes defeated New Castle Moose, 7-3; and Johnson Bronze edged Tompy's, 7-5.

Following the withdrawal of the Ellwood City Moose team, the league representatives decided to award byes to the various clubs scheduled to play them during the second half. Standard Steel Spring drawing a bye for last night, Castle Club being given a bye for July 14, and Sons of Italy will draw a bye for next week.

Ed. Kardish was medalist in last night's play with a one-under par round of 35, followed by Mike Zuk, Dike Monsey, and Dom Dimcoo with 36's; F. Palmer, Tiny Lombardo, Louis Malizia, having 37's; Chuck Rae, George Hahn, Harry Toscano, Chuck Perrotta, Frank Summers and Pete Dimcoo scoring 38's, and George Sargent, Art Priolelli, A. Christopher, James Malone and Vic Rosati hitting 39's.

## HERE AND THERE IN SPORTS' LAND

THERE isn't much difference between the ages of Tony Zale, middleweight champion of the world, and Marcel Cerdan, champion middleweight of Europe. Zale is 34, and Cerdan, 32. They have been matched for the world's title. . . . Sam Ichinose not only has the biggest stable of fighters in Hawaii, but also runs a soda works and a soy bean factory. . . . George Sheppard, New York matchmaker, wants to send Tony Janiro to box Jack Middle here. The offer has not been accepted. . . . George Abernathy of Sharon has Willynd's Checkered Champion, a cocker spaniel. The seven months old pup won the award, Winner's Male at Chautauque, and Reserve Champion award, at Erie. . . . Romeo Paceilli plugged all night recently at McMurphy's Rock, in the Slippery Rock, Sunday. . . . Here's an oddity which occurred in the Texas league: San Antonio had runners on first and second bases with no one out. An attempted sacrifice resulted in a blooper towards third base. The third baseman rushed in, trying for a shoe-string catch, but missed the catch by inches. The first baseman charging in on the play, raced for third when he noticed the runner on second racing for third base. The third baseman wheeled, and threw the ball to the first baseman covering third base in time to make the submission results. When a score isn't received it necessitates considerable telephoning to ascertain how the game turned out. It is time scorers, and managers, realize that those who give service to newspapers receive good service from the newspaper. . . . Morgan G. Bulkeley of Connecticut, first president of the National league, was a former U. S. senator and governor. . . . A Greenville man was arrested and a large quantity of beer and liquor was confiscated in a Sunday daylight raid on the unlicensed Sportsmen's club, situated on the shore of Pymatuning lake, four miles north of Jamestown, in South Shenango township, Crawford County. . . . Bill McKinnon has returned from a Canadian trip. . . . Laverne Roach of Texas battles Charley (Zivie) Affit of Pittsburgh, at Millvale, August 3. . . . Marcel Cerdan stopping the meteoric climb of the Texan some time ago in New York. Pittsburgh Junior Chamber of Commerce will stage an All-Star game between high school griders at Forbes field, Pittsburgh, August 20. The grid clinic at Taggart field, New Castle, is listed for August 13. . . . Chubby Confer and Harry Parrell have returned from a fishing trip to Beverly Lake, Canada. . . . Eddie Craig, former resident, now of Detroit, is visiting here. . . . Charlie Frenzel has returned from a visit to Boston and a fishing trip off Cape Cod.

## Softball Meeting At Y' Friday

An important meeting of the City Softball League officials will be held at the "Y" Friday night at 8 o'clock, it was announced by President Rocco P. Viggiano. The meeting is for all league officials and the following commissioners: Fred Marcella, Tippy Richards, Eddie Nahas, Angie Giancola, and Mike Kulich.

The following managers and umpires are asked to be present — and no others — Bird Riley, Dundo Ambrosia, Ray Kelly, Gabby DeCaprio, Quinto, Jimmy Valentino, Rocco, Torello, Frank Fannin, Lee Liverani, and G. Jannetti.

The meeting is for the purpose of acting on several protests that have been entered.

## HELP A VETERAN, DESHON PATIENTS NEED GOLF CLUBS

Deshon hospital in Butler has announced an appeal for golf clubs for patients in the physiotherapy ward. Needed are No. 5 and 7 irons and putters (used) and old golf balls.

Specimens of the community would be doing these boys a real favor if they would collect some of this equipment and contact the American Red Cross chapter for distribution.

## Season Ticket Sale August 16

J. H. Earl McKenna, business manager at New Castle Senior High, announced today that the season ticket sale will start Monday, August 16, following the All-Star game here August 15th.

The fans can get a better idea of where they desire to sit if they attend the All-Star game. All season ticket holders this year will sit in the new steel bleachers. Tickets will sell for \$7.50 for the season in the open sections and \$12.50 in the covered section. There are seven home games.

**SHAMROCKS LEADING**

The East Side Shamrocks were ahead 8-4 over the West Side Tigers last night when the game was stopped at the end of the 4th hour. Friday the "Beaks" will play the Local 1294 team at Gaston Park.

## Umpires Will Meet Friday

There will be an important meeting of the Lawrence County Umpires at the "Y" at 8:30 o'clock on Friday night, it was announced by President Albert "Jabby" Conti. All members are urged to be present.

**TEMPT'S WIN GAME**

Temps defeated Red Dairy team last night in a City Softball game, 7 to 4, with Pop Smith, the winning hurler. Ralph Connans featured the game with a homer. Temps will play Fridays at Lehigh tonight, and Friday will play the Pearsons at Dean Park and not Lehigh as originally announced.

**DEAN PARK WINS**

The Dean Park Juniors defeated the Shenango Juniors 21 to 7 with Spider DeVitto pitching a neat six-hitter. Regan featured the game with a homer.

## Two Scores Aces At Sylvan Heights

Cash Awards Go To Players Who Make Hole-in-One This Week

Two Sylvan Heights golfers scored holes in one on one of the most difficult holes for such a feat at Sylvan Heights. They were Mike Furda, of this city, and Clyde Pander, of Ellwood City. Both were members of the Sylvan Heights "Hole-in-One" club and shared \$46 each for their feat.

The No. 8 hole has a green which

slopes slightly away from the player, and is located on the other side of a hollow from the tee.

Mr. Furda used a No. 5 iron to reach the green, and the ball after hitting, tricked into the cup. Playing with Furda was Jim Tuffy, Copley and Rev. J. L. McFarland. Playing with Clyde Pander, was Gilbert Pander. Clyde used a No. 4 iron to score his ace.

ATLANTA, July 22 — (INS) — The spotlight was on defending champion, Wilfred Crossley of Brooklyn as the fifth round of play got underway today in the National Public Links Golf Tournament at Atlanta.

Crossley, who runs hot-and-cold with unpredictable irregularity, crushed his fourth-round opponent Mike Saweko of Sharpburg, Pa., yesterday with a hot 5 and 4.

FRIENDLYS WIN GAME  
The Friendly Furniture team defeated the New Castle Business College team, last night in a loop game, 7 to 1, with Pete Pagley, the winning hurler. He allowed but three hits. Amobile featured the game with a homer.

## Secret Wins Over Besselman

PITTSBURGH, July 22 — (INS) — Veteran Sammy Secret, of Cecil, Pa., today boasted one of the best victories of his career — a ten-round decision over String-Bean Jackie Besselman, of Lawrenceville, Pa.

Secret finished strong with a great last round to take the ten-round main event at Zivic Arena by a split decision before 2,336 fans in Pittsburgh last night.

In a second ten-rounder, Tim Dalton, Chicago, came off the floor in the first round to pound out an easy decision over Sammy Mastrean, Pittsburgh.

## Charge Laxity In Collection Of Tax At Sporting Events

Chairman Of State Athletic Commission Denies Charges; May Probe Allegations

PHILADELPHIA, July 22. — (INS)—Charges that the commonwealth has been deprived of revenue by laxity in the collection of taxes from sporting events heightened the possibility today that the state may take over the investigation of Philadelphia's governmental irregularities. Investigators said that a check

of records revealed that "in a number of cases" the state athletic commission failed to collect a five per cent attendance tax. Under law, the state athletic commission is required to have a representative at every sporting event under its jurisdiction to collect the levy directly.

Chairman Denies Charges The charges were denied by Leon L. Reins, chairman of the commission, who said:

"In the 11 years that I have been commission chairman, there has been no time that the tax money has not been collected at the time of the boxing or wrestling event in question."

Investigators pointed out that with state revenue involved, Gov. James H. Duff would be justified in naming a special attorney to

take full charge of the municipal investigations in Philadelphia. The alleged failure to collect the states taxes was uncovered in a checkup by auditors assigned to the city investigation by the office of Controller Frank J. Tiemann, according to one of the investigators.

AN OLD, OLD STORY VALE, Ore.—(INS)—A blissful pair probably still don't know they were married in a newspaper office. They tracked down the justice of the peace to the office of the Malheur Enterprise. There, to the musical strains of typewriters and a linotype, the parson tied the knot. The couple thought they were in the justice's office. The newspaper staff tried manfully to concentrate—even when the groom kissed the bride.

## Father Of Missing Collier Boy Held For Theft Of Auto

SOMERSET, Pa., July 22.—(INS)

—Lloyd Collier, 35, father of 23-month-old Donald Collier who has been missing more than two weeks, was held by Somerset police today on a charge of car theft.

Collier was arrested Wednesday along with his brother, Louis, 23. Police said the pair stole a car early Wednesday from in front of a tavern near Somerset.

The automobile was found abandoned about three miles from the cabin near Kooner State Park from which Donald disappeared July 2.
